## **SECTION A – PREAMBLE / SCOPE**

These regulations will apply until modified by the Tournament Committee and ratified by the Management Committee. They apply to all congresses and events appearing on the QBA Calendar as well as events and trials run by zones.

For Selection Trials and State Championship events run by the QBA and hosted by a club there may be additional specific regulations – [see [Section F](#)]

Clubs have the power to have supplementary regulations to congress events provided they are not in breach of the QBA Regulations. In the Tournament Committee chair's absence, two members of the Tournament Committee may give approval.

It is assumed that these regulations, where relevant, apply unless stated otherwise in club regulations.

### **QBA CALENDAR**

In normal circumstances an initial draft of the following year's calendar will be circulated by the end of May with the final draft being tabled by the end of July. Clubs wishing to apply to hold one or more congress events in the following year must return the official application form to the QBA Manager by the date indicated on the application form.

Once approval has been granted, the approved date and format may not be changed. Cancellations are automatically approved. In extreme cases, the Management Committee may give approval for a late change. Such consent will be given only in exceptional circumstances and for good cause, with due consideration being given to other events which may be adversely affected.

### **GENERAL REGULATIONS FOR RUNNING AN EVENT ON THE CALENDAR**

The event must be subject to the current Queensland Health requirements and guidelines, and subject to the terms of any current Covid-19 Vaccination Policies issued by the QBA.

The event must be advertised to all affiliated clubs within the zone. State title events must be advertised to all clubs within the state. Minimum requirement is to email an advertising flyer or a copy of the entry form to those clubs.

The event must be open to all players affiliated with the QBA and the ABF, subject to the powers of the club and the QBA to control entries.

It is the club's responsibility to ensure that the QBA table levy is forwarded to the QBA either with results or direct deposit within 7 days of the completion of the event.

The event will be conducted under the 2017 Laws of Duplicate Bridge and the QBA Regulations.

The general format of the event must conform to that advertised. In exceptional and unforeseen circumstances, the format may be changed with the consent of the QBA Tournament Committee chair.

## **SECTION B – GENERAL**

### **CONGRESS ENTRY FORMS**

A copy of the electronic entry form or advertising flyer must be sent to the Webmaster for approval at least six weeks in advance of the event. In QBA Championship events or super congresses, the entry form/flyer must be approved by the QBA Tournament Committee chair. In cases where the entry form/flyer has minor changes such as date, cost etc., the Webmaster may approve the changes. The entry form/flyer must be sent to the Director of the event prior to publication. The form/flyer must include:

- 'QBA Regulations apply'.
- That the event is subject to the terms of the current Covid-19 Vaccination Policies as issued by the QBA and the hosting Bridge Club, and current Queensland Health requirements and guidelines.
- The name of the director(s)
- Each day's starting time which, once published, may not be varied.
- The format of the event if varying from the standard, see page 29.
- Scoring method for a pairs event e.g., 'Butler Pairs', 'Cross-imp Pairs', 'Matchpoint Pairs', 'Matchpoint Pairs converted to VPs'.
- Graded events – provide full details of grading and contingency plans. See page 29.
- Lunch arrangements
- Maximum number of tables the venue will hold if at all likely that number will be reached
- Systems permitted. See Pairs (page 21), Teams (page 26), QBA Championships (pages 34-44)
- For State events: Contestants entering an event are deemed to have agreed to abide by the Regulations and any supplementary regulations made by the tournament organisers as either:
  - posted on the QBA website prior to the start of the event; or
  - by appearing on the entry form; or
  - by announcement before the start of the event.

### **RETURN OF ENTRIES IN UNFORESEEN CIRCUMSTANCES**

When a venue is unexpectedly subject to lower density restrictions e.g., due to covid requirements, and the maximum number of entries permitted has already been exceeded, the default method is to return entries in reverse entry order, irrespective of whether entry fees have been paid or not. Clubs wishing to use a different method must include their method on the entry form/flyer.

### **MINIMUM NUMBER OF TABLES FOR A CONGRESS**

The minimum number of tables for a congress to be held is four.

### **NUMBER OF EVENTS A CLUB MAY HOLD**

New clubs may hold one two-day or two one-day events. Current allocations cannot be changed unless fewer events are required. Each club will be entitled to conduct one novice pairs and one novice teams event per year, with the proviso that clubs with more than 300 home club members may be authorised to conduct an extra such event each year by application to the Tournament Committee.

Clubs may be granted additional congresses on the recommendation of the Management Committee. Factors to be taken into consideration may include, but are not limited to, geographical position, changing demographics and the needs of new clubs.

### **THE DIRECTOR FOR A CONGRESS**

The director may not be a player in the event and must be accredited as either a QBA Congress Director or QBA Congress Director (Country) as applicable. [see [Section H](#) for details]

## SECTION B – GENERAL

### **WITHDRAWALS AND PENALTIES** (See also Selection Trials [Page 39](#))

Once play has started in QBA events and congresses, no individual, pair or team shall withdraw without the express permission of the director.

Withdrawal occurs when both members of a partnership are not at the table ready to play at the time required by the Director and may be for a single board up to being for the remainder of the event. Time spent waiting for a substitute is not a withdrawal but using a non-approved substitute is.

There are two types of withdrawal:

(a) **Authorised Withdrawal.** A withdrawal that is approved by the Director will be considered an authorised withdrawal. Such a withdrawal will usually be for genuine illness or personal emergency only and approval may be given retrospectively. Among events not usually considered to be personal emergencies are weddings, examinations, graduations and birthday celebrations, no matter how unexpected. Partnership disharmony is not a reason for authorised withdrawal and when continuing play, engaging in disruptive behaviour may lead to disciplinary action in itself.

(b) **Unauthorised Withdrawal.** Any withdrawal, including those required by law or regulation, other than an authorised withdrawal, is unauthorised, and may be subject to disciplinary action determined by the QBA Management Committee. Such disciplinary action may include, but is not limited to, a refusal to accept an entry to specified future events or to all events within a specified time. In particular, unauthorised withdrawal may jeopardise the right to enter future selection trials.

A pair who are declined authorised withdrawal on the grounds of partnership disharmony and who are later withdrawn by the Director through application of law or regulation e.g., persistent incompetence with their system, should expect additional disciplinary action.

For QBA events and congresses, but not selection trials (See [Page 39](#)), a player found to be blameless in an unauthorised withdrawal may be treated less severely than partner or team mates.

Whether authorised or unauthorised, a withdrawal within the board limits for forfeits (See Imp Pairs [Page 22](#), Teams [Page 26](#)) will be scored as a forfeit, though a forfeit at the end of the event remains a withdrawal from the event. The Director should award a disciplinary penalty for unauthorised withdrawals shorter than being for the rest of the event.

Example: A player abruptly leaves the playing area without valid reason during a session but returns a short time later to resume play after reconsideration of his or her action.

A Director who becomes aware of an impending unauthorised withdrawal should, as far as is reasonably possible, warn the player(s) concerned of the seriousness of such an action and the likely consequences.

### **LOUD DISCUSSIONS DURING OR AFTER PLAY**

When discussions or comments are made at any table and are heard at a nearby table, the director may apply a penalty to the offending pair(s) if he considers that the rights of other players may have been jeopardised. The penalty will normally be 10% of a top or 1 VP. The director may increase this incrementally for repeat offences.

If a table is obliged to take an adjusted score because of such overheard comments, the penalty will be 50% of a top or 2 VPs. **Law 16D** applies.

## SECTION B – GENERAL

### REPORTING DURING AND AFTER THE EVENT

The director shall be responsible for posting all of the scores on the QBA website prior to 11.00 pm at the end of the event, and also each night prior to 11.00 pm in the case of an event being conducted over more than one day.

Where possible, the results of the morning session shall be posted by 2.00 pm on the same day.

### REPORTING AFTER THE EVENT

It is the responsibility of the director to collate and forward the results to the State Masterpoint Secretary for masterpointing. Persistent lateness in doing so may jeopardise a director's accreditation. If a club undertakes to forward the results itself, the director must ensure that the club understands the requirements, and should advise the State Masterpoint Secretary of this arrangement.

Results must reach the State Masterpoint Secretary within a week if electronic and 2 weeks if sent by mail. Late presentation of results may cause the club a financial penalty from the ABF and may jeopardise its QBA approval for the next year.

Clubs are required to use **Form J1** (on-line) within 14 days of each congress only if a problem occurs with the event. Particular problems that should be reported include:

- any technical problems encountered;
- any partnerships not turning up;
- partnerships withdrawing at late notice;
- any perceived deficiencies in the overall conduct of the tournament;
- any areas of possible player dissatisfaction (whether thought justified or not).

This report will be confidential to the Masterpoint Secretary and the Tournament Committee. The sole purpose of this report is to discover problem areas and areas of player dissatisfaction. Periodically the Tournament Committee may circularise active congress directors with details of the types of problems reported and advice on ways to overcome them.

For the same reason, members of the QBA Tournament Committee (and possibly other players specifically requested by that committee) will provide a report (copy in Forms section at the end of these regulations) if there are any unfavourable aspects.

Directors are required to use **Form J6** to report on every congress that they direct if a problem occurs with the event. **Form J6** must be completed within 7 days. Partnerships causing system disruption, late withdrawals and no-shows are to be noted. **Form J6 is not required if the only matter being reported is a psyche or an appeal.**

### WRITTEN BIDDING

In all events written bidding shall be used, except that the director may require or authorize spoken bidding or the use of bidding boxes if deemed necessary.

Duplicate board - **Law 7** applies. The board must remain in the centre of the table in clear view of all players until play is complete.

Marking the bidding sheet. Bidding sheets may not be marked prior to the commencement of bidding to show the dealer and vulnerability.

Used bidding sheets: NS must ensure that used bidding sheets are not visible to other players.

Legal notation - The only acceptable notation for each bid is as follows: C for clubs, D for diamonds, H for hearts, S for spades, NT for no trumps (N is not a legal notation for no trumps), / for pass, X for double, XX for redouble, all preceded by a number representing the bidding level where appropriate. A double line (//) to signify the end of the bidding is illegal. No other notation of any kind e.g. full stops may be used. Any call made due to a misunderstanding of an illegally written bid by an opponent will be treated as a call based on misinformation and may be withdrawn and replaced by another call without

## SECTION B – GENERAL

penalty. For example, 1N mistaken for 1H. Following a verbal alert, the player must circle partner's alerted bid.

Procedure: Each player writes his call on the bidding sheet in the squares proceeding from left to right. Players must be consistent in the manner in which they write their calls, and write them legibly. An appeals committee may not overturn the director's judgement as to the legibility of a call. When a call extends beyond a single square, players are responsible for ensuring that future calls are distinct. The director may award an adjusted score where it is considered that unauthorised information may have been conveyed by a variation in writing style.

Changing a call: **Laws 25 and 26** apply.

Pausing during a call: **Law 16** may apply.

Verbal call: Any player who inadvertently makes a verbal call shall immediately write the same call on the bidding sheet. Repeated infringement may attract a procedural penalty.

Covering the bidding sheet. The bidding sheet must remain in view until the third player (on declarer's right) has played to the first trick, whereupon the bidding sheet should be turned over or otherwise removed from sight.

## USING BIDDING BOXES [Source: ABF Regulations]

A call is made by the player selecting the appropriate card from the bidding box and placing it on the table. Players should not touch any bidding cards before they have determined their call. (**Law 73E2** may apply and also **Law 16B1**)

- Starting with the dealer, players place the bidding cards on the table in front of them. Subsequent calls should then overlap neatly and evenly so that every call is visible and faced towards partner
- Should a call be cancelled following an irregularity, then the bidding card that represents the withdrawn call shall be restored to the player's bidding box
- Alerts are made by saying "alert" audibly and placing the alert card across the bidding card designating the alertable call. The alerted player must acknowledge the alert before calling.
- A call is considered made when a bidding card is removed from the bidding box and held face up, touching or nearly touching the table; or maintained in such a position as to indicate that the call has been made
- A call selected may be changed if:
  - It is determined by the director that the call was selected unintentionally; or
  - It is required by rectification following an irregularity; or
  - The director consents to the change following the correction of an opponent's irregularity
- A player who removes his bidding cards from the table with the intention of passing is deemed to have passed
- All the bidding cards should remain on the table until after the opening lead has been faced
- Until they are removed from the table. A player can review the auction by inspecting the bidding cards. After the bidding cards are restored to their boxes a player may, at his first turn to play, require all previous calls to be restated (**Law 20C2**). Only an opponent shall respond to this request.

## PSYCHIC CALLS

In accordance with Clause 9.3 of the QBA Systems Regulations (**Section K**), players may have on their system cards such comments as "frequent psyches" or "occasional psyches" as a description of partnership style, but not agreement. Such statements by no means excuse partnerships from the application of these regulations.

Players may not use any systemic agreement whether explicit or implicit to control a psyche. If a player psyches and his partner takes action that could have been allowing for a psyche then the director will treat the action as acting on unauthorised information or using an illegal system.

## FRIVOLOUS PSYCHES

There is an underlying assumption that every call made by a player is intended to achieve a good score for his side. A player who psyches frequently regardless of the effect on the tournament may be subject to a penalty by the director under his disciplinary powers.

## GUIDELINES FOR DIAGNOSING PARTNER'S PSYCHE

"Authorised information" includes: the legal calls and plays to date; the player's own card holding; the disclosed partnership understanding and the mannerisms of the opponents. Note that the discomfort and mannerisms of opponents are not evidence *per se* that partner has psyched.

"Unauthorised information" (which may not be used in reaching a diagnosis that partner has psyched) includes: partner's reputation or presumed reputation as a psycher; previous experience with partner and the character, bridge ability or experience of the opponents. It is not sufficient justification to conclude that "someone" has psyched. The evidence must be clear, from authorised information, that partner has psyched. **Law 16** may apply.

## PROHIBITED PSYCHES

The QBA System Regulations prohibit the psyching of conventional opening bids that are forcing and made by agreement on strong hands (eg a game forcing 2♣ or a Precision 1♣ opening).

## GUIDELINES AFTER SUSPECTED "FIELDING" OF A PSYCHE

Players who feel they have been damaged by an opponent "fielding" his partner's psyche should call the director immediately. The director may adjust the score unless the player concerned can explain how the psyche was diagnosed by authorised information.

## PSYCHE REGISTER

At each QBA event or red masterpoint congress, a psyche register form will be available.

By the end of each round, players are required to report their own psyches in the register. This will include details of the hand, the bidding sequence and subsequent play if relevant. If the director subsequently discovers that a psyche has not been reported, he will apply a procedural penalty of 50% of a top in pairs or 2VPs in teams, at whatever stage the event has reached. If it is not discovered until after the event, he will report this failure to the QBA Tournament Committee. All recorded psyches should be forwarded to the QBA Tournament Committee chair in writing. A register will be maintained and other congress directors will be informally advised of any pair who seem to be psyching with significant frequency. He will also have informal discussions with the players concerned.

Where a particular partnership appears to have a history of frequent psyching the director is authorised to require the pair to call him at the end of the hand where the psyche has occurred, in addition to a written report in the psyche register.

## THE RECORDER

The recorder is a person to whom players have recourse on complaints or suspicions of improper and unethical behaviour. He will receive the complaint tactfully, confidentially record it, and may discuss the matter with the subject(s) of the complaint if he deems it appropriate. If he receives repeated complaints of a similar nature against a particular player or pair, he may discuss the matter personally with him, and should report the matter in confidence to the Management Committee.

If attention is drawn at the table to improper behaviour, including discourtesy, the director should be called. The director may apply disciplinary penalties if warranted and may also report any matter to the recorder for filing. **Laws 9B1(a), 73B2, 74 and 91** apply.

## SECTION B – GENERAL

Recorders do not themselves have disciplinary powers but, when the problem is serious, or there is the possibility of ongoing problems, they will raise it with the tournament organisers on the player's behalf. It is then their job to take any necessary action and advise the players of the outcome.

The QBA will appoint recorders for QBA Championship events. The current recorders are members of the QBA Management Committee. In the absence of these official recorders, an acting recorder will be appointed at QBA Championship events. Congress organisers are urged to appoint a recorder for their events. Acting recorders should report any complaints in confidence to the QBA recorder.

The names of the recorder(s) must be announced at the start of events and the covers of players' scoring booklets should be printed with:

- Paragraphs 1 and 2 above; and
- The name(s) of the recorder(s)

## CONDUCT AND ETHICS PANEL

The QBA Management Committee has a Conduct and Ethics Panel to sit and hear a particular report on improper behaviour by players at a QBA event. Players concerned will be invited to attend a meeting of the panel, accompanied if so desired by a friend or a lawyer, to hear the reports and respond to them. The panel will observe the principles of natural justice in all of its proceedings. It is empowered to recommend to the Management Committee, a reprimand, suspension or expulsion of any player from all or some QBA events or events conducted under its aegis. Players will have the right to appeal to a full meeting of Council against any such decision.

## DISCIPLINARY ACTION AGAINST PLAYERS

### 1. Clubs

The QBA has neither the power nor the desire to interfere in a club's disciplinary actions against its own members, or its right to decide who will play at its own club events. However, it might feel obliged to act if a club's actions could be seen to bring the game of bridge or its organisation into disrepute eg by the denial of natural justice to a member or player or any action which could be seen to be unlawfully discriminatory

Clubs should ensure that their constitution contains provision for disciplinary action e.g., suspension or expulsion and that the constitution or their by-laws sets out the proper procedure to be followed, ensuring that natural justice is observed. This should include the right to be heard, the right to be represented and the right to appeal to a full meeting of the club. Clubs taking any sort of disciplinary action against a member or refusing to accept a visitor should, as a matter of courtesy, advise the QBA Manager by a confidential letter of this decision.

### 2. Congresses

Players in good standing with the Queensland Bridge Association are entitled under these Regulations to play in red masterpoint approved congresses. Legal issues raised by a club's refusal to allow entry to a player in good standing with the QBA fall outside the QBA's jurisdiction.

### 3. QBA Championship Events

Players in good standing with the QBA are entitled under these Regulations to play in QBA Championship Events. Legal issues raised by a club's refusal to allow entry to a player in good standing with the QBA fall outside the QBA's jurisdiction.

For more information go to [QBA-Infractions-by-Members-1.pdf \(qldbridge.com.au\)](http://qldbridge.com.au)

## SECTION B – GENERAL

### FINAL SCORES CONTAINING DECIMAL FRACTIONS

Differences of fractions of a scoring unit, whether it be matchpoints, percentages,imps or victory points, will be sufficient to determine placings. Scores should be rounded to no more than two decimal places. Masterpoints shall be awarded as detailed in the ABF Masterpoint Scheme manual.

### BREAKING OF TIES

The QBA policy is not to break ties for cash prizes, but to divide the prize money for the places between or among the tying players. For example, two pairs or teams tying for first would divide the total 1<sup>st</sup> and 2<sup>nd</sup> place prize money. Clubs are advised to follow this policy, but may elect to break ties. If no prior announcement is made about ties, this policy will apply.

### SYSTEM CARDS

Each pair must have two systemically identical system cards on the table before the start of play. Only current ABF system cards are approved for use and they must be legible and clearly show the colour category of the system. This shall apply wherever system cards are mentioned in these regulations.

For online ABF system cards for use by players go to [ABF SYSTEM CARD](#)

### GAMBLING

In accordance with state laws, no form of organised gambling will be allowed at QBA events, including betting on the results of those events. Although individual persons cannot be prevented from gambling in private on the results of QBA events, the QBA disapproves of such activities because of the ethical considerations which may arise.

### SPECTATORS

Spectators are welcome at bridge events. Spectators must observe the conditions specified in the Laws ([Law 76](#)) and the director is responsible for ensuring their observance. A player who objects to the actions of a spectator or who feels disturbed by the presence of a spectator should summon the director, and not seek to deal with the problem personally. Spectators must move away from a table or tables if instructed to do so by the director.

### ELECTRONIC COMMUNICATION DEVICES

The use of mobile phones, pagers, iPads and other electronic communication devices is not permitted at the table during session time.

- Players with a *bona fide* 'on-call' need may lodge such items with the congress desk.
- Players needing a device to assist with hearing at the table may do so. The device should be set to "silent" so as not to disrupt others.

The first breach per session of this regulation shall be the warning for all contestants. After that warning, breaches will incur an automatic non-discretionary penalty as below. Audible disturbances from such devices will be similarly penalized after the general warning.

#### Penalty

Matchpoint Pairs	50% of the MP top on a board
Matchpoint Pairs converted to VPs	15% of maximum VPS available
Teams/Imp Pairs	3 VPs

## SECTION B – GENERAL

### **BOARD DEALING, HAND GENERATION, PHOTOCOPYING HAND RECORDS**

#### Hand Generation – GNOT Area Finals and QBA State and Congress Calendar Events

All hands for congresses, GNOT Area Finals and QBA events must be generated by an approved random hand generation program. The programs approved are:

- ABF (Tim Bourke);
- Dealer 4 (Windows and Big Deal);
- WinDup (as in Duplimate);
- DupSoft (as in Duplimate); and
- Big Deal (WBF)

Clubs using hand dealt boards will also be required to use hands from an approved dealing programme. If a club wishes to use an alternative programme, approval may be sought from the Tournament Committee chair.

#### Board Dealing and Photocopying – GNOT Area Finals and QBA State and Congress Calendar Events

Boards for GNOT area finals are to be dealt by a person not playing in the event.

Otherwise, with a dealing machine: If an independent non-player is not available to pre-deal the boards, a team of at least two persons (not members of the same partnership or team) may do so providing the hand display is turned off on the monitor. Photocopying of hand records should still be done by a non-player. The presence of more than one person is to safeguard those persons from any accusations of pre-knowledge of the hands.

Without a dealing machine: All hand dealing and photocopying must be done by an independent person or persons who is/are not playing in the event.

#### Board Dealing and Photocopying – Club Events

Clubs may choose whatever method of pre-dealing they wish bearing in mind that those who pre-deal and play in the same event will need some form of protection in place in the event of accusations of impropriety.

### **HAND RECORDS**

Hand records must be posted on the QBA website when final scores are posted.

### **B5i INTERCLUB EVENTS**

B5i Inter-club events are not to be held on the same day(s) as QBA championship events unless the Masterpoint Secretary believes the locality to be sufficiently distant as to not affect the championship. Clubs should avoid requesting dates that may affect congresses in their region.

### **MONITORS**

On his own initiative or if required to do so by the tournament organiser, the director may appoint monitors to observe and report about:

- (a) contestants suspected of slow play;
- (b) matters relating to etiquette and decorum; and/or
- (c) any other matter relating to the smooth running of the tournament.

A monitor has no jurisdiction relating to the tournament other than to report his observations to the director. Monitors must not have any conversation with players being observed and are not to discuss their observations with anyone other than the director and the tournament organiser.

### **SLOW PLAY**

It is the director's responsibility to take whatever action necessary to limit the impact of slow play on the efficient conduct of an event. The director may make time calls or call attention to delays at individual

## SECTION B – GENERAL

tables but competitors should not rely upon him to do so. The director may appoint monitors to observe rates of play.

### **LATE ARRIVAL [also see Sections C, D and F for further regulations]**

**Any penalty for late arrival is in addition to average minus for boards that cannot be played.**

It is an offence, subject to disciplinary penalty, for the late-arriving contestant to hustle the non-offending contestant in order to complete boards on time. Likewise, it is an offence, subject to disciplinary penalty, for the non-offending contestant to deliberately play slowly in order to maximise the likelihood of score adjustment due to non-completion of boards.

### **FOREIGN LANGUAGES**

The use of foreign languages is acceptable before the session starts, during breaks in play and when play is finished. The use of a foreign language is not allowed while the cards are out of the boards. Between hands, if players cannot use good English, they should request approval from opponents to use a foreign language. If permission is granted, it is the responsibility of those communicating in the foreign language to explain as well as they can what was said.

### **ELECTRONIC SCORING MACHINES**

The facility to show scores and contracts from other tables while a session is in play must be disabled in all congress events and QBA championship events and trials. South (or North) shall be responsible for all data entry. East (or West) shall be responsible for checking the accuracy of the data entry.

Players must record the score for each board immediately after it is played and before commencement of the next board. Ideally, East or West will check the data entry immediately.

Both pairs shall be responsible for ensuring that scores are entered for every board played, and before leaving the room or moving for the next round both pairs shall confirm that data entry is complete.

The director may impose a procedural penalty on both pairs for failing to enter all data.

### **DEFECTIVE SWISS DRAWS**

Where scoring errors are discovered, or appeal decisions are handed down after the draw for the next round has been made, and the changes would have an effect on the draw, the defective draw shall not be corrected unless it is the last round of the event.

For the last round of a Swiss movement, before play has commenced, a draw rendered defective by appeal decisions, scoring errors or similar circumstances shall be corrected.

Notwithstanding the above, the director shall always have the power to alter a grossly defective draw in a way that causes minimal disruption to the movement.

### **QBA DETERMINATIONS AS REGULATING AUTHORITY**

#### **Assigned adjusted scores [Law 12C1(c)]**

Directors are permitted to award a single weighted score that endeavours to restore the balance of equity on the hand in the instant prior to the infraction. The calculation of the weightings relates to the expected outcomes from that point forward in an auction unaffected by any irregularity. Any residual doubt that exists in the assessment of the relative weightings should be resolved in favour of the non-offending side.

Example: As a result of misinformation a pair defends 4♥X. If they had been correctly informed, they will certainly bid game in spades and possibly slam, making eleven or twelve tricks depending on declarer's line of play.

The director may conclude that equity is best served by substituting a single weighted score as follows:  
30% of +1430 (6♠ making 12 tricks)

**SECTION B – GENERAL**

- Plus 40% of +680 (4♠ +2)
- Plus 20% of +650 (4♠ +1)
- Plus 10% of -100 (6♠ -1)

**At pairs:** Assuming there are 12 tables, the frequency table would look something like this:

Frequency	Score	Matchpoints
2.3	+1430	20.7
5.4	+680	13.0
2.2	+650	5.4
2.1	-100	1.1

The weighted score would be:  
 $(0.3 \times 20.7) + (0.4 \times 13.0) + (0.2 \times 5.4) + (0.1 \times 1.1) = +12.6$   
 rounded to 1 decimal place.

A single score of N/S +12.6 would be entered.

**At teams:** Assume the score in the other room was N/S +650:

Net Score	IMPs	Weight	Adjust
+1430 – 650 = +780	+13	30%	3.9
+680 – 650 = +30	+1	40%	0.4
+650 – 650 = 0	0	20%	0.0
-100 – 650 = -750	-13	10%	-1.3

**Alternative manual calculation method for pairs events scored by computer**

Clearly to make one of these weighted adjustments for matchpoint scoring without the aid of computer software would be tedious, if not impossible, particularly in large fields. Many software packages do not currently cater for this type of adjustment. Until a software modification is implemented the following procedure shall, by regulation, be deemed the correct one:

Enter the scores into the software as normal, substituting average to both sides at the table to which the ruling applies. Then calculate the weighted score using the match-points assigned by the software (a board print out will provide this).

In the above example the following results will be obtained:

Score	Matchpoints
+1430	20
+680	13
+650	6
-100	2

The weighted score would be:  
 $(0.3 \times 20) + (0.4 \times 13) + (0.2 \times 6) + (0.1 \times 2) = +12.6$ .

Finally correct the match-points for both sides, rounded to one or two decimal places depending on the norm for the programme used, using the adjusted score (penalty) routine.

Since the average on the board is 11 and has already been assigned, the director will add 1.6 match-points to N/S and deduct 1.6 match-points from E/W.

**Law 16B2**

The preferred procedure is to summon the director at the end of the hand but only if it becomes apparent that an opponent may have acted upon extraneous information made available by his partner. The director need only be called if the non-offenders believe they may have been damaged.

Whenever a player believes there is a possibility that an opponent may have acted on unauthorized information from their partner's gesture, comment, hesitation, or the like, he should immediately try to establish the facts about what has occurred. This should be done as pleasantly as possible, stressing that establishing the facts now is to avoid dispute later should it be necessary to call the director at the end of play. The director should only be called earlier if there is no agreement about what has occurred. If at the end of the hand, the non-offending side believe they have been disadvantaged, the director can then be summoned.

**Law 40B2(a)**

This Law is the basis and authority for the classification and restriction of certain partnership methods as outlined in the QBA Systems Regulations. It is also the authority for the procedures as described in the QBA Alerting Regulations.

## SECTION B – GENERAL

Both members of a partnership must play the same system, including bidding and card play agreements. Where, as a matter of style, members frequently adopt different approaches from each other, that difference (or those differences) must be disclosed on the system card.

### **Law 40B2(b)**

The QBA Systems Regulations permit written defences to yellow systems and ‘brown sticker’ conventions to be referred to at the table in some events.

### **Law 40B2(c)**

A player may consult his opponent’s system card:

- (i) prior to the commencement of the auction;
- (ii) during the clarification period;
- (iii) during the auction and during the play but only at his turn call or play; and
- (iv) following an opponent’s request for an explanation, pursuant to **Law 20F**, for the purpose of correctly explaining the significance of his partner’s call or play.

### **Law 40B2(a)(v)**

The QBA has restricted the use of psychic openings of strong 2♣ and Precision 1♣ openings – [see [page 12](#)]

### **Law 40B2(d)**

A player is not entitled during the auction and play periods to any aids to his memory, calculation or technique. This includes not recording the contract and/or the opening lead before the play of the hand is complete.

### **Law 41A**

The opening lead shall be made face down. A lead made face down is not an opening lead until faced and may thus be retracted without penalty, but only upon instruction of the director i.e., when the lead was made from the wrong side or following the correction of misinformation.

### **Law 70E2**

In adjudicating disputed claims involving an unstated line of play the following guidelines apply:

- (a) Top down  
A declarer who states that he is cashing a suit is normally assumed to cash them from the top. This is especially so if there is some solidity.

#### **Example:**

Suppose declarer claims four tricks with AKQ10 opposite 432. It would be normal to give him four tricks if the jack is coming down since it would be considered irrational to play the 10 first.

- (b) Different suits  
If a declarer appears unaware of an outstanding winner, or losing line of play [but see (a) above], and a trick could be lost by playing or discarding one suit rather than another, then the director should award that trick to the non-claiming side.

#### **Example:**

Declarer has three winners in dummy and must make three discards. He appears to have forgotten his ♦J is not a winner. It is careless rather than irrational that he should discard some other winner to retain the ♦J.

### **Law 73A2**

Mandatory pauses are not required during the auction or on the first trick.

### **Law 76C2**

The right to rectification for an irregularity may be forfeited if attention is first drawn to the irregularity by a spectator for whose presence at the table the non-offending side is responsible.

## SECTION B – GENERAL

The right to correct an irregularity may be forfeited if attention is first drawn to the irregularity by a spectator for whose presence at the table the offending side is responsible.

### **Law 80A3**

The ABF has assigned to the QBA the right to regulate congresses and state events within Queensland.

### **Law 80B**

The tournament organizer of congresses and state events within Queensland is the official, recognised by the QBA, responsible for arranging and preparing for a congress or state event. Where a committee or body is responsible for organising the tournament, the tournament organizer is deemed to be the chair of that committee or body.

### **Law 80B1**

Where responsibility for a congress or state event run under the auspices of the ABF Masterpoint Scheme is delegated to a tournament organizer (be it a club, zone or individual), these entities are not permitted to draft or implement regulations, written or otherwise, that are in conflict with the 2017 Laws of Duplicate Bridge nor the QBA Regulations.

### **Law 80B2(j)**

Although arranging for scores to be collected, for results to be tabulated and for an official record to be made may be performed by the tournament organizer, ultimate responsibility for the accuracy of the scoring is vested in the director who must be permitted to oversee and check the performance of said duties and, if need be, to correct the work carried out by others.

### **Law 81**

The term “director” means the director-in-charge appointed by the tournament organizer under **Law 80B2(a)**.

### **Law 93C1**

The correct procedure for requesting a review by the QBA Appeals Committee of the decision of an appeals committee is detailed in **Section I** of the QBA Regulations. Any such request, if deemed to lack merit, may lead to a reprimand or a sanction.

### **Law 93C3(a) & (b)**

The QBA Tournament Committee may review the conduct and/or decision of any Appeals Committee or Reviewer at any tournament run under the auspices of the QBA. The Tournament Committee will however limit its functions to the interpretation of the 2017 Laws of Duplicate Bridge and will not decide facts or change or purport to change any ruling that has been made under those Laws. It follows that the committee will not overturn the result of an event but it may issue an opinion in order to establish or confirm a legal precedent or procedure.

## **OFFICIAL SCORE IN SWISS FORMAT EVENTS**

For the purposes of applying **Law 92B** and **Law 79C** during Swiss format events, the Official Score shall be the one posted at a substantial break e.g., lunch or at the end of a day’s play.

## **SECTION C – PAIRS**

### **SYSTEMS**

Green, blue and red systems and brown sticker conventions and treatments will be permitted in all State Championship pairs events including qualifying rounds except that green and blue systems only will be permitted in the Novice Pairs Championship and the lowest section of graded events. The QBA recommends that clubs adopt the above policy for their congresses.

### **ILLEGAL SYSTEMS – PAIRS**

When a pair is found using an illegal system the director may at his/her discretion impose a procedural penalty proportionate to the degree of damage/benefit reasonably suspected to have been caused/received in the event to date. This might range from one only 10% of a top where no grounds for leniency exist and discovered early in the event to large points deductions for repeat offences or for particularly damaging illegal systems used by experienced tournament players and discovered well into an event.

### **SUBSTITUTION [Also see specific regulations for QBA championships and selection trials.]**

Substitution is not a right but a privilege that may be granted by the Director.

A pair may have a substitute for no more than half the boards scheduled for play in an event. Qualifying rounds and final rounds will be treated as separate events for this allowance.

Substitution may be for cause, such as unavoidably lateness, illness or some other unforeseen emergency. A request for a substitute may also be made to the Director prior to the start of an event without a reason being required however, such substitution forms part of the 50% allowance mentioned above.

Prior substitution -

- will not be permitted in 1-day pairs events nor in the finals rounds of events with qualifying and final formats.
- may be permitted for up to one session or for up to 25% of the boards scheduled for play (whichever is the greater) in 2-day, 3 or 4-session pairs events

A player may not be a substitute for more than one person during an event, nor for a different player in finals than in qualifying rounds.

For events graded by rank or which are age or gender specific, a substitute must meet the entry requirements of the event for the pair to remain eligible.

A substitute may replace the player who entered the event if the substitute commences play before the half-way mark and the original player cannot play 50% of the boards scheduled for play. This does not apply to finals rounds.

Should the above provisions prove insufficient, the Director shall do whatever he can to facilitate the smooth running of the event. Any player remaining may continue to play at the discretion of the director but ceases to be eligible for the event. All such facilitations must be reported via Form J6.

### **SPLIT SCORES**

Where a director or appeals committee has awarded a split score on a board, the director (scorer) should score the board as an average then adjust for the individual pairs which is the same as scoring the NS and EW fields.

## LATE ARRIVAL PENALTIES – PAIRS

Except where otherwise specified an adjusted score of average-plus will be awarded to the non-offending pair for boards unable to be played. For matchpoint pairs an effective score of zero and for imp pairs a score of average-minus will be awarded for each board unplayed by a pair arriving late for an event. A pair who arrives more than 30 minutes after the specified starting time shall cease to be a contestant. The Director may use his discretion when adequate cause exists. Irrespective of whether a match is finished in time the late pair to be penalised  $\frac{1}{2}$  a top (or 3 VPs) if more than 5 minutes late.

## FORFEITS

For Butler Pairs and Cross Imp Pairs converted to VPs using an ABF Swiss Pairs VP Scale, refer to Section D Teams Forfeits [Page 26](#).

## BREAKING OF TIES – PAIRS

Final scores shall be considered tied:

- (a) in events scored by match points, when the difference between the scores is less than 0.01 unit of a match point (see also **Section B** "Final Scores Containing Decimal Fractions" and "Breaking of Ties" and **Section F** "Ties") or
- (b) in other events when the scores are identical. When it is determined that a tie is to be broken for example for qualification purposes the following shall apply:

For matchpoint pairs and individual events:

Every board which each tied contestant played is counted in breaking the tie, irrespective of whether the tied contestants played the same or different boards, in the same or different sections, or in the same or different directions.

- (a) (i) On the boards played by two or more tied contestants, 2 points are awarded to a tied contestant for each board on which his/her match-point score is higher than that of another tied contestant. (For example, if three tied contestants played the same board, they would be awarded 4, 2, and 0 points if each had a different match-point score on it; or 4, 1, and 1 point(s) if one had the most match points on it and the other two an equal but inferior number.)
- (ii) On boards played by only one of the tied contestants, 2 points are awarded to the contestant for each match-point score above average, 1 point for each average, and 0 point for each score below average.
- (iii) The tied contestant so awarded the greatest number of points is ranked highest.

- (b) By lot.

For events scored by Victory Points:

- (a) For events with a Swiss format:
  - (i) The total VP score of all the opponents of each tied pair shall be determined. Pairs are ranked so that the pair whose opponents have the highest total shall place first.
  - (ii) Pairs are ranked according to the number of wins in VP (a VP result of 10/10 is equal to half a win).
  - (iii) Pairs are ranked according to net IMPs.
  - (iv) By lot.
- (b) For events with a round-robin format:
  - (i) Pairs are ranked according to the number of wins in VP (a VP result of 10/10 is equal to half a win).
  - (ii) Pairs are ranked according to net IMPs.
  - (iii) By lot.

Ties in finals of QBA events shall not be broken. Prize money will be divided between or among the tying pairs.

## SCORING DISCREPANCY

When there is a discrepancy on the official score sheet between the score entered and the contract, declarer or number of tricks made, the director shall make every effort to contact the players involved to ascertain the correct details. Where this is not possible, the director may only change the score recorded when:

- an impossible score is recorded; or
- there is a definite error in scoring according to the vulnerability.

On boards where a score is apparently recorded on the wrong side, the Director may not change the score, but will award an average on that board to both sides.

When electronic scoring devices are in use, players must verify all previously entered data at the end of each round/match. Any errors that are discovered must immediately be corrected. Subsequent requests (i.e., after the conclusion of the round) to alter an apparently consistent (although possibly incorrect) score must be made within the official (Law 79C) 'score correction period'.

Scores may be corrected by the Director after the conclusion of the round if both contestants agree as to the correct result and that result varies from the result recorded. If one or more of the pairs is unavailable for consultation or if there is no agreement as to the correct result, the score may be altered if the Director is satisfied on the basis of the ascertainable facts as to what the score should be. If the Director is in doubt as to what occurred, the score as originally recorded shall stand. Any correction that is to be made must be determined before the end of the correction period. (See also Law 79B2)

## FOULED BOARDS – MATCHPOINT PAIRS [Law 87B]

A board is not necessarily fouled merely because it is different from that shown on the hand record. Provided there are at least four scores in each section, divide the scores into two groups; matchpoint each group separately; then add one matchpoint to all pairs for each score in the other group.

If computer scoring is available, the following should be applied:  $M = N/S(X+1)-1$  Where:

- M = final matchpoint score
- N = normal number of results on the board
- X = score allotted without reference to the other group
- S = number of results in the group under consideration

Thus a top score in a 8 table group wins:  $12/8 \times (14 +1)-1 = 22.5-1 = 21.5$

Under this formula, pairs in the smaller group will receive 2, 8, 14 and 20 matchpoints respectively, while pairs in the larger group get between 0.5 and 21.5.

The formula also produces the correct board check totals.

If one of the sections has fewer than 4 results, artificial adjusted scores are awarded in the smaller group as follows:

- 1 score: 60% NS and EW
- 2 scores: 65% to the higher NS score (55% to their EW opponents).  
55% to the lower NS score (65% to their EW opponents).
- 3 scores: 70% to the highest NS score, (50% to their EW opponents);  
60% to the next highest NS score (60% to their opponents),  
50% to the lowest NS score (70% to their EW opponents).

If computer scoring is available the Neuberg formula above is applied to the normal scores in the larger group.

## SECTION C – PAIRS

### MULTIPLE AVERAGE PLUS AWARDS – PAIRS

The following information is to be used whenever the Laws require the Director to award more than one favourable artificial adjusted score at pairs. The objective is to provide reasonable recompense without unduly distorting the outcome in relation to the rest of the field. **[See also Withdrawals and Forfeits]**.

#### Matchpoint Pairs

The artificial adjusted score awarded per board shall be a percentage score equal to  $50 + (10\sqrt{N}) / N$  where N is the number of unplayed or non-comparable boards during a match or session.

Number of Boards	Percentage per board
1	60.00%
2	57.07%
3	55.77%
4	55.00%
5	54.47%
6	54.08%
7	53.78%
8	53.54%
9	53.33%
10	53.16%

In converting to matchpoints, rounding will be to the number of decimal places being used for scores in the event with .005 and .05 rounded up, as the case may be.

When matchpoints are converted to VPs match is void if the number of unplayed or non-comparable boards exceeds 50% of those scheduled to be played.

When a 74VP capped scale is used, an artificial match result of 48 VPs shall be awarded to each contestant in lieu of an encounter that is cancelled or unplayed through no fault of the player(s) involved. 48 VPs is adjusted upwards at the end of the event when a pair's average on all other matches exceeds 48 VPs.

Similar ratio to be used for other VP scales.

Number of Boards	IMPs per board
1	2
2	1.41
3	1.15
4	1
5	0.89
6	0.82
7	0.76
8	0.71
9	0.67
10	0.6

#### Imp Pairs

The artificial adjusted score awarded per board shall be an IMP score of  $2\sqrt{N} / N$  where N = the number of unplayed or non-comparable boards per contestant in the match. The net IMPs in a match assigned due to this formula will be rounded to the nearest IMP (0.5 IMPs rounded up).

A match is void if the number of unplayed or non-comparable boards exceeds 50% of those scheduled to be played. An artificial match result of 13 VPs shall be awarded to each contestant in lieu of an encounter that is cancelled or unplayed through no fault of the player(s) involved. 13 VPs is adjusted upwards at the end of the event when a pair's average on all other matches exceeds 13 VPs.

## **REPORTING RESULTS FOR MASTERPOINTING [PAIRS & TEAMS]**

It is essential that the State Masterpoint Secretary be able to properly identify all players earning masterpoints. Ideally, your scoring program will access the ABF Masterpoint Centre file when you load the players' names for the event. Directors should check home club numbers to minimise errors due to identical names in the ABF database.

The masterpoint file, created in accordance with current masterpoint regulations, plus with details of the event should be sent to the State Masterpoint Secretary within 7 days of the conclusion of the event.

The following details are required:

- Name and date(s) of congress.
- Name(s) of director(s). If more than 30 tables, the name of the assistant director should be provided.
- Number of tables, number of matches and number of boards per match
- Other details that may be relevant including method of masterpointing (wins, sessions or percentage), event weighting, any median or restriction factor
- Details to explain unusual totals for example non-balancing adjustments that result in win/win, loss/loss, win/draw and loss/draw matches
- Location of the website results

## **SECTION D – TEAMS EVENTS**

### **SYSTEMS – TEAMS**

Green, blue and red systems and brown sticker conventions and treatments will be permitted in all State Championship teams events including qualifying rounds except that green and blue systems only will be permitted in the lowest section of Graded events, Teams of Three and Novice Teams. The QBA recommends that clubs adopt the above policy for their congresses.

### **SUBSTITUTION – TEAMS** [[also see GNOT regulations](#)]

Subject to further regulation of specific events, a team may use a substitute for fewer than 50% of the boards scheduled for play in an event. This shall apply even to teams of 5 or 6. In addition, teams of 4 or 5 will be entitled to add to their numbers (after the start of the event) up to a maximum of 6 at the discretion of the director. A player may not be a substitute for more than one other player during an event.

### **FORFEITS IN MATCHES – TEAMS**

Where a team is required to forfeit a match, the forfeiting team will receive 0 VPs. Their opponents will receive the best of three options:

- (a) 13 VPs **and the whole integer IMP value closest to 13 VP**, or
- (b) the complement of the average of the forfeiting team's other matches **(and whole integer IMP score)** or
- (c) their own average **(and whole integer IMP score)** for all other matches. The score will not be known until the end of the event when the final scores may be adjusted.

**For the purpose of making a Swiss draw**, the forfeiting team will receive 10 VPs **and 0 IMPs** and their opponents 13 VPs **and the whole integer IMP value closest to 13 VP**, but the forfeiting team will have the 10 VPs subtracted from their final score.

**A team that forfeits two matches is disqualified from the event. The team is considered to have withdrawn.**

**The Director shall report all forfeits on Form J6. In aggravated circumstances, the Director may refer the matter to the QBA Management Committee which may, in turn, exercise its disciplinary powers.**

### **LATE ARRIVAL PENALTIES – TEAMS**

Teams without four players ready to start play at the advertised time for any session shall be penalised 1 VP for every 5 minutes or part thereof beyond the first 5 minutes unless there is adequate cause. Match to be forfeited if 30 minutes or more late.

### **SEATING RIGHTS**

In the event of a dispute as to the seating of pairs in a 1-on-1 teams match, the matter will be determined by a coin toss between the two team captains.

### **FOULED BOARDS – TEAMS**

**Law 86B2** applies. See also Multiple Average Plus Awards, page 28.

## SECTION D – TEAMS

### BREAKING OF TIES – TEAMS

See **Section B** “final scores containing decimal fractions” and “breaking of ties”

When it is determined that a tie is to be broken for example for qualification purposes the following shall apply:

(a) For events with a Swiss format:

- (i) The total VP score of all the opponents of each tied team shall be determined. Teams are ranked so that the team whose opponents have the highest total shall place first.
- (ii) Teams are ranked according to the number of wins in VP (a VP result of 10/10 is equal to half a win).
- (iii) Teams are ranked according to net IMPs.
- (iv) By lot.

(b) For events with a round-robin format:

- (i) Teams are ranked according to the number of wins in VP (a VP result of 10/10 is equal to half a win).
- (ii) Teams are ranked according to net IMPs.
- (iii) By lot.

(c) For events with a knockout format scored by imps

- (i) The tie shall be broken by playing four more boards then, if still tied, by playing one board at a time until the tie is broken or until the scheduled finishing time (whichever is sooner,
- (ii) By lot.

Whenever net imps are used for tie-breaking a team that has received a fine or has forfeited a match the appropriate number of imps must have been deducted. A team that won a match because of a forfeit must have had the appropriate number of imps added.

Ties in finals of QBA events shall not be broken. Prize money will be divided between the teams

### ILLEGAL SYSTEMS

When a pair is found using an illegal system the director may at his/her discretion impose a procedural penalty proportionate to the degree of damage/benefit reasonably suspected to have been caused/received in the event to date. This might range from 2 VP's (cross-imping) and 3VP's (non-cross-imping) where no grounds for leniency exist and discovered early in the event to large points deductions for repeat offences or for particularly damaging illegal systems used by experienced tournament players and discovered well into an event. Furthermore, if play of a board is in progress, the director may award an adjusted score in accordance with **Law 12**.

### REPORTING RESULTS FOR MASTERPOINTING

See this heading in [Section C Pairs](#).

### INCORRECT SEATING OF PAIRS DURING A MATCH

Both teams are deemed to be offenders when pairs have sat in the wrong direction at one table and average minus is awarded to both teams on each board for which a valid comparison cannot be made. When two pairs moving to away tables have sat at incorrect tables and have each therefore played the wrong team then, for each board for which a valid comparison cannot be made, average is awarded to the seated team (deemed partly at fault) and average-minus to the teams whose pairs moved to the wrong table.

In aggravated circumstances the director may impose a more severe penalty or a more generous indemnity.

## CALCULATION OF MULTIPLE AVERAGE-PLUS AWARDS DURING A SINGLE SESSION/MATCH

The following equation is to be used whenever the Laws require the director to award more than one favourable artificial adjusted score. The objective is to provide reasonable recompense without unduly distorting the outcome in relation to the rest of the field.

The artificial adjusted score awarded per board for IMP scored Teams events shall be an IMP score of  $(3\sqrt{N})/N$  where  $N$  = the number of unplayed or non-comparable boards per contestant in the match.

The net IMPs assigned due to this formula will be rounded to the nearest IMP (0.5 IMPs rounded up).

Number of Boards	IMPs per board
1	3
2	2.12
3	1.73
4	1.5
5	1.34
6	1.22
7	1.13
8	1.06
9	1
10	0.95

A match is void if the number of unplayed or non-comparable boards exceeds 50% of those scheduled to be played. An artificial match result of 13 VPs shall be awarded to each contestant in lieu of an encounter that is cancelled or unplayed through no fault of the player(s) involved. 13 VPs is adjusted upwards at the end of the event when a team's average on all other matches exceeds 13 VPs.

[See also Withdrawals and Forfeits]

## STANDARD FORMAT FOR A TRIANGLE IN A TEAMS EVENT

The standard and recommended format for a triangle is a whist or Mitchell movement with an additional set of boards in play. Mention must be made on the entry form if a non-standard format is to be used should a triangle be necessary.

## **SECTION E – SPECIAL EVENTS**

### **B4 CONGRESSES**

The responsibility for advertising an unpopular or technically unsound format remains with the host club. Formats other than standard must be fully detailed on the entry form.

#### **STANDARD FORMAT 1-DAY SWISS PAIRS**

- 8 x 7-board rounds; or
- 9 x 6-board rounds; or
- 11 x 5-board rounds; or
- 10 x 5-board rounds (or 8 x 6-boards or 7 x 7-boards) for Novice and non-metropolitan congresses at host club's discretion.
- First draw to be either total masterpoints averaged or by director's Seeding and then Team 1 vs Team (N/2+1) and so on.

#### **STANDARD FORMAT 1-DAY SWISS TEAMS**

- 7 x 8-board matches; or
- 8 x 7-board matches; or
- Fewer matches permitted in Novice and non-metropolitan congresses at host club's discretion.
- Live draw
- At least 24 boards per session.
- First draw to be either total masterpoints averaged or by director's seeding and then Team 1 vs Team (N/2 +1)

### **NOVICE EVENTS**

Due to the fact that clubs are posting their entry forms one year in advance, the eligibility for masterpoint cut-off will be no more than 3 months and no fewer than 2 months prior to the event – the cut-off date must be published.

The masterpoint limit shall be per player and not an average nor total figure per pair or team.

### **GRADED CONGRESSES**

A graded congress must run with at least two grades. An event advertised as "Graded" may not be run as a single field should entries be unexpectedly low in one or more grades.

Full details as to how field is to be graded must be on the entry form e.g.

- The field shall be seeded by the director and divided into at least two grades. Grades may be different sizes.

Where a more defined method of field division is advertised then there should be a contingency plan for an awkward number of entries.

- Example: Open; Below Life; Below 100 mp. At the director's discretion any two grades may be combined.

When eligibility for a grade is restricted by masterpoints, the upper limit quoted shall be per player and not an average nor total figure per pair or team. Players must be given the option of playing in a higher grade than their ranking may indicate. Grades need not be equal in size.

The eligibility for masterpoint cut-off date will be no more than 3 months and no fewer than 2 months clear of the event and must be published on the entry form.

## SECTION E – SPECIAL EVENTS

### STANDARD BUTLER SCORING METHOD

Mathematical mean (average) is preferred. Mention must be made on the entry form if the median scoring method is to be used.

### STANDARD VP SCALES FOR IMP PAIRS

The ABF Scale is to be used.

### JAMES O’SULLIVAN – QUEENSLAND MASTERPOINT TROPHY

Residential restrictions apply.

### QUEENSLAND GNOT HEATS

Queensland is divided into nine (9) areas called zones for the purpose of qualifying teams to the Grand National Open Teams National Finals

- 1: Brisbane Zone
- 2: Gold Coast Zone
- 3: Sunshine Coast Zone
- 4: Capricorn Zone
- 5: North Queensland Zone
- 6: Darling Downs Zone
- 7: Wide Bay Zone
- 8: Whitsunday Zone
- 9: Far North Queensland Zone

### ZONE AND CLUB ELIGIBILITY QUALIFICATIONS

- Zones and clubs may have their own membership and residential eligibility qualifications except that a player who is a bona fide member of a club, regardless of their zonal place of residence, may play in the club’s zonal events. Other individual club qualifications - must be published on each zone’s website together with any supplementary regulations specific to that zone.
- Clubs which have more restrictive eligibility qualifications for their zonal heats must publish these on their club website and event entry form. Acceptance of a team’s GNOT heat entry by a club implies that all club qualifications have been met. Thereafter, the responsibility for eligibility rests with the Zone Secretary.

### RESIDENTIAL QUALIFICATIONS FOR CONTENDING TEAMS

- A *bona fide* Queensland resident who has been a financial member, for at least 6 months prior to the GNOT National Final, of a club affiliated with the QBA.
- A non-Queensland resident who is a financial member of a club affiliated with the QBA and whose bridge has been or will be played predominantly at clubs affiliated with the QBA for at least six months immediately prior to the National Final.
- A new Queensland resident who is a financial member of a club affiliated with the QBA, and who satisfies a zone’s organiser(s) that changed employment, family or other commitments are such that it is likely that his bridge will be predominantly played at clubs affiliated with the QBA for at least 6 months after the National Final.

## SECTION E – SPECIAL EVENTS

### CONDITIONS APPLICABLE TO ALL ZONES

- The Zone Secretary is responsible for the administration of these regulations within the zone.
- Each zone is responsible for organising its qualifying event(s). Zones are required to conduct finals among participating clubs. Zones may require clubs to conduct elimination rounds.
- The format should be a reasonably lengthy one, as befits a gold masterpoint event. Each zone's format is to be approved by the QBA Tournament Committee chair prior to its first use. Any changes made in later years must also be approved before use. Formats must be published on zone websites.
- Continuation from club elimination rounds to zone semi-finals and finals is not compulsory but teams must nominate either as a contending or non-contending team prior to the commencement of their club or zone qualifying event.
- All entrants in zone finals must be prepared to travel to and play in the GNOT National Finals.
- Zones holding a single event should cater for teams not wishing to travel to the GNOT National Finals while making sure that only teams prepared to continue in the event are involved in zone finals.
- Zones are required to have, as part of their approved format, an orderly process for determining qualification to zone finals.
- Each zone must use pre-dealt boards with hand records.
- Each zone must publish playing conditions prior to commencement of event.

### TEAM MEMBERSHIP

- A team may comprise 4 to 6 players excluding substitutes.
- A player who has played zero boards for a team in which he entered may be dropped from the team at any time. It will be as though the player had never entered and the player may therefore play for another team in accordance with the conditions of augmentation and substitution.

### AUGMENTATION - ADDING A NEW PLAYER TO A TEAM

- At any time prior to the zone finals, a team of 4 or 5 may add team members to a maximum of 6 without seeking approval.
- Once play in a zone's final (includes semi-finals) has commenced, teams of 4 or 5 will be entitled to add to their numbers up to a maximum of 6 at the discretion of the Zone Secretary.
- Further to the application above, a team that does not retain at least half of the players entered on day one of club elimination heats or zone qualifying rounds, as the case may be, shall be disqualified. Players so disqualified remain eligible to augment to other teams and to play as substitutes.

### QUALIFICATION - CONTENDING/NON-CONTENDING

- A player may play in more than one zone and/or in more than one team within a zone so long as they are not playing in overlapping events in two teams that are both contending for a place in the zone finals or have already qualified in a team.
- All players from a team that has accepted the right to represent one club may play in further heats, either as individuals, pairs or as a complete team, providing they announce prior to the start of subsequent heats that the team in which they are playing is not in contention to qualify for the zone finals.
- There is to be no situation in which an individual, pair or team can qualify for zone finals in two or more teams, or in two or more zones, and then pick and choose the one in which to play.
- Should the above be breached, then the individual, pair or team is deemed to remain the, or part of the, first qualified team and all subsequent teams are to be disqualified. There is to be no situation in which an individual, pair or team can back date, defer or change a decision to represent a club.

## SECTION E – SPECIAL EVENTS

### **BELATED QUALIFICATION**

- There may be situations where a team that initially failed to qualify is belatedly offered a place in zone finals because of a withdrawal, and they wish to accept. The provisions given above shall not apply providing all team members playing in other heats at the time of the offer immediately announce their changed status.
- There may be situations following an application of the above that individuals or pairs from the belatedly qualifying team are part of a different team or teams in another currently running heat. These individuals or pairs may be replaced with comparable players in the current heat without affecting augmentation allowances. This allows the remaining members, who are not in the newly qualified team, to remain in the competition and they are not disqualified.

### **SUBSTITUTION (NOTE: SUBSTITUTION IS NOT AUGMENTATION)**

- A team may use a substitute for no more than 50% of the boards scheduled for play in an event.
- A player may substitute in more than one zone and more than one team but not in 2 contending teams at the same time in overlapping events.
- A player may not be a substitute for more than one other player during a single event
- Once a player has qualified into a GNOT team, that player cannot substitute in another contending team, however that player may substitute in a non-contending team.
- Subject to the approval of the director, teams are permitted one substitute during club elimination rounds and one substitute during a zone's finals. Similarly, where a zone conducts a single event consisting of qualifying rounds and finals, one substitute per team is permitted during the qualifying rounds and one during the finals.

### **BREAKING OF TIES**

In the zone final of the GNOT and in order to establish the correct number of teams qualifying for the GNOT National Finals, ties will be broken according to QBA Regulations [[Section D - TEAMS](#)]

### **SUBSIDIES**

The QBA Manager shall provide to each zone details concerning subsidies available for travel to the GNOT National Finals.

### **DIRECTOR**

In accordance with the ABF Masterpoint scheme, a playing director may be used for club and zone qualifying rounds. A congress director who may also be a playing director is preferred, but not essential, for zone finals.

### **TEAM CHANGES**

In general the teams that qualify shall be the teams that travel to the GNOT National Finals. In addition, teams of 4 or 5 are entitled to add to their numbers up to a maximum of 6. For team augmentation, substitution or changes contact the QBA Manager via the Zone Secretary.

### **ZONAL EVENTS – OTHER THAN GNOT**

Each zone may establish conditions not contrary to these regulations for Zonal qualifying events other than GNOT. Such conditions may for example address residency, dual membership and multiple entries. All regulations for all events conducted by each zone must appear on the zonal website.

Intentionally Left Blank

## **SECTION F – QBA CHAMPIONSHIPS AND TRIALS**

Formats for these events remain the prerogative of the QBA.

### Residential Qualifications - Championship Events Only

Entry into QBA Championship Events is unrestricted. Titles shall be awarded only to players who meet one of the following criteria:

- A *bona fide* Queensland resident who has been a financial member, for at least 6 months prior to the event, of a club affiliated with the QBA.
- A non-Queensland resident who is a financial member of a club affiliated with the QBA and whose bridge has been played predominantly at clubs affiliated with the QBA for at least six months immediately prior to the event.
- A new Queensland resident who is a financial member of a club affiliated with the QBA, and who satisfies the Tournament Committee that changed employment, family or other commitments are such that it is likely that his bridge will be predominantly played at clubs affiliated with the QBA for at least 6 months after the event.
- A youth player (is under 26 in the current year) who has been registered with a club affiliated with the QBA or with the ABF Youth Club for at least six months prior to the event and for whom Queensland is his/her home State but who for purposes of work, study etc, is temporarily residing in another state.
- Furthermore, both players in a pair and all players in a team must meet one of the above criteria for that pair or team to receive a title.

[Entry to State Events other than Selection Trials](#) (See also [Selection Trials Page 36.](#))

All participants in championship events should acquaint themselves with the regulations pertaining to the relevant event.

### Acceptance and Disqualification of Entries

When accepting entries and prior to commencement of play, the Tournament Organiser must be satisfied that all QBA terms of entry have been met.

Notwithstanding the acceptance of entry by the tournament organiser, a pair which contravenes the terms of entry will be disqualified and a team will forfeit any matches for which its line-up contravenes the terms of entry.

The QBA Management Committee shall have the authority to refuse the nomination of any player who has contravened 'Conditions of Entry' during previous events.

### Substitutes

Unless otherwise specified a substitute must satisfy the conditions of entry.

### Other Conditions

The Director for these events will be at all times guided by;

1. (a) 2017 Laws of Duplicate Bridge;  
(b) QBA Regulations;  
(c) Any special conditions printed on the entry form for the event.
2. The director appointed for the event must be an accredited state director unless approved by the QBA Tournament Committee chair
3. Pre-dealt hands must be used.

### Time per round or match

- The allotted time for a round or match shall be calculated at 7 minutes per board. Needlessly delaying play, even though there is time to spare, may be penalised.

## SECTION F – QBA CHAMPIONSHIPS

- The director should announce the start of the following round/match when less than the allotted time has passed if all tables have finished all boards to be played in the current round/match.
- Furthermore, the director may announce the start of the following round/match when most tables have finished all boards and at most a few tables have at least commenced the auction for the final board that can be played in the allotted time.

### SELECTION TRIALS – FOR AUSTRALIAN NATIONAL CHAMPIONSHIPS

#### General

The Open trials will be played as a separate event on separate weekends to the Senior's and Women's trials. If two stages, the first stage will be open to all eligible players and players may choose to be non-contending. The Seniors' and Women's trials will be played as separate events on the same weekends. The format for Youth trials, if conducted, will be decided by the Tournament Committee. The minimum entry for a Youth trials to be held is 2 tables (4 pairs).

All entrants are expected to be serious contenders, even those choosing to play in Stage 1 only, and a frivolous approach may be subject to disciplinary action. All players are expected to do their best in all matches. Deliberately playing at less than one's best in order to produce a favourable result for one's opponents, will be regarded as unethical play and may be subject to disciplinary action including disqualification.

Subject to ratification by QBA Management or Council (due to timing of meeting), the top three pairs in each section will constitute the State team, with the fourth pair becoming the reserve pair.

#### Split Matches

No split matches will be held i.e., extending overnight or to the following weekend.

#### Residential Qualifications

QBA residential requirements for selection trials\* for the Qld representative teams at the Australian National Championships.

\*These requirements do not apply for Stage 1 of a two stage Open Selection Trials event.

Any player who satisfies at least one of the following criteria will be eligible to compete in the selection trials to represent Queensland:

1. A *bona fide* Queensland resident of at least six months standing and who is a financial member of a club affiliated with the QBA. Short lapses in membership around the time for renewal may be disregarded.
  - Ownership of Queensland property does not, by itself, qualify a player as a *bona fide* resident.
  - Living outside of Queensland for an extended period e.g., for work or family responsibilities or extended holidays, does not necessarily preclude being considered a *bona fide* Queensland resident
  - In arguable situations, a player must demonstrate that he or she is a genuine resident to the satisfaction of the Tournament Committee.
2. A non-Queensland resident who, for at least six months immediately prior to the start of the trials event, has been a financial member of a club affiliated with the QBA, and who
  - (a) has played in at least six sessions in QBA affiliated clubs including QBA congresses and events, those sessions being spread over the six months immediately prior to the start of the trials event, and who
  - (b) has played in fewer sessions at clubs affiliated with other ABF state associations during those same six months.
3. A one-off special dispensation may be given to a player whose residential eligibility has expired no more than 12 months prior to the start of the selection trials.

## SECTION F – QBA CHAMPIONSHIPS

4. A new Queensland resident who is a financial member of a club affiliated with the QBA, and who satisfies the Tournament Committee that changed employment, family or other commitments are such that it is likely that he or she will remain a resident for at least six months after the ANC.

5. A youth player (as authorised by the ABF Management Committee) who has been registered with a club affiliated with the QBA or with the ABF Youth Club for at least six months prior to the event and for whom Queensland is his/her home state/territory but who for purposes of work, study etc, is temporarily residing in another state.

Players eligible to trial for more than one state/territory should be aware that players may only represent that state/territory in which they first entered a selection tournament for an ANC event.

Any player who would not be permitted to play in the ANC by order of the ABF for residential or other reasons may not enter the Queensland selection trials.

Any question regarding a player's residential eligibility to play in the selection trials shall be decided by the Tournament Committee. Such decision will be appealable to the Management Committee whose decision will be final.

### Other Commitments

Furthermore, a player entering QBA Selection Trials must be able to fulfil the following should he or she be placed first, second or third and/or be later ratified as a member of a QBA Team:

- be available for practice sessions, or in the case of remote players, undertake practice as required by the team captain;
- play with team partner in club sessions, congresses and/or on the internet with a frequency satisfactory to the Management Committee;
- maintain a standard of conduct within club and congress events that befits a member of a QBA team;
- maintain residential qualifications until after the ANC.
- maintain during ANC sessions a level of sobriety and abstinence from non-approved drugs to the satisfaction of the team captain.
- maintain at all times during ANC sessions and official functions a standard of behaviour satisfactory to the team captain.

Adverse reports concerning any of the above may jeopardise the acceptance of an entry to future selection trials.

### Entry to Selection Trials

At least 48 hours prior to the start of a trials event, players who have entered must acknowledge, in writing, that they agree to be bound by the QBA Regulations and any supplementary regulations made by the tournament organisers as:

- posted on the QBA website prior to the start of the event; or
- by appearing on the entry form; or
- by announcement before the start of the event.

The third dot point will usually be minor matters e.g., those that become necessary on the day for the smooth running of the event.

Players who do not comply with this requirement will have their entry declined.

## SECTION F – QBA CHAMPIONSHIPS

### Open Trials Format

The following to apply in regard to entry numbers:

- Since the format is dependent on the number of entries, pairs will be encouraged to enter as early as possible.
- They will be guided by these parameters:  
The Open Trials format hinges on the total number of contending pairs “**C**”  
Let **DQ** be the number of direct qualifiers to Stage 2. Let **EC** be the number of pairs who enter as contenders. Then **C** equals **DQ** plus **EC**.

NOTE: If **DQ** is greater than the maximum allowable for the Stage 2 Howell, surplus **DQ** pairs become **EC** pairs. There are 3 possible scenarios:

<b>C</b> is 0-16 pairs	<b>C</b> is 17-19 pairs	<b>C</b> is 20 or more pairs
Single stage Howell of <b>16 or 20</b> board matches <b>over 5 days or fewer</b> . No <b>DQ</b> pairs and no non-contending pairs	Stage 1 is a balanced Mitchell including all non-contenders plus <b>EC</b> over 4 sessions – qualifying up to 12 <b>EC</b> pairs less the number of <b>DQ</b> pairs to Stage 2 Stage 2 is a 6 table Howell of 20 board matches over 8 sessions with <b>DQ</b> 0-6 pairs	Stage 1 is a balanced Mitchell including all the non-contenders <b>EC</b> over 4 sessions qualifying up to 16 <b>EC</b> pairs less the number of <b>DQ</b> pairs to Stage 2 Stage 2 is an 8 Table Howell of 14 board matches with <b>DQ</b> 0-8 pairs

- In the case of a ‘Stage 1 only’ scenario:
  - As examples, 15 or 16 pairs will play 20 board matches over 5 days; 13 or 14 pairs will play 16 board matches over 4 days.
  - All entrants must be genuine contenders and the direct entry option will not be available.
- In the case of a Stage 1-Stage 2 scenario:
  - Stage 1 will be held over 1 weekend to eliminate at least 4 pairs. Then Stage 2 will take 4 days over 2 additional weekends;
  - With a view to encouraging a larger entry to the Open trials non-contending pairs will be permitted to enter Stage 1 – their non-contending status to be revealed at the time of entry on the understanding that they will not progress to Stage 2;
  - Stage 1 will be a seeded Mitchell movement – seeding to be facilitated by the director with input from members of the TC who are not competing - the non-contending pairs to be evenly placed in each direction of Stage 1 **when an even number of qualifiers are required for Stage 2**.

### Direct Entry Open Selection Trials 2024

Direct entry to the final stage of a multi-stage open trials event will be available for two pairs.

Pairs accumulating points [as shown in brackets] from the following events during the previous calendar year to the trials will be offered direct entry in turn from the pair with the most points. **Ties will be split on the total masterpoints each pair earned in open state championship events\* (see below) over the calendar year previous to the trials to be entered.**

**\*The open selection trials are excluded. The highest grade of the Graded Pairs and the highest grade of Graded Teams are included.**

Points are awarded only to a Queensland pair and not to any individual.

Points for a team event (excluding playing in an Australian Open Team) will be awarded only to pairs playing as a partnership for more than 50% of the boards in the event.

- The three pairs who played in the previous ANC as the Qld State Open Team [10]
- Any pair winning the Canberra Summer Festival Teams, Gold Coast Congress Teams, GNOT, Barrier Reef Teams or playing as a pair as part of an Australian Open Team [10]
- Any pair winning an ABF gold point open event of more than two sessions albeit pairs or teams [7]
- Any pair who finished second to tenth of the Gold Coast Congress Bobby Richman Pairs [7]
- Winners of the Qld Butler Pairs [7]

## SECTION F – QBA CHAMPIONSHIPS

- Winners of the Qld Open Pairs [5]
- Winners of the Qld Open Teams [5]
- Winners of the Northern Suburbs 2-day Butler Pairs [3]

Offers will be made prior to January 1 of the year of the trials. Acceptance of an offer of direct entry precludes a pair from playing in any earlier stage.

Should only one pair accept direct entry, the Management Committee in consultation with the Tournament Committee will invite another pair to make numbers even.

### Women's and Seniors' Trials Format

- Three (3) tables – 5 matches of 20 boards over 2 days
- Four (4) tables – 7 matches of 20 boards over 3 days
- Five (5) tables – 9 matches of 20 boards over 3 days
- Six (6) tables – 11 matches of 20 boards over 4 days
- Seven (7) tables – 13 matches of 16 boards over 4 days
- Eight (8) tables – 15 matches of 14 boards over 4 days
- Nine (9) tables – 17 matches of 12 boards over 4 days
- Ten (10) tables – 19 matches of 12 boards over 4 days

### Youth Trials

Youth Trials format will be decided by the Tournament Committee in consultation with Youth Co-ordinator. The minimum entry for a youth trials event is 2 tables (4 pairs).

### Age Restriction for Seniors

Entry is restricted to players of the age set for the Senior Teams at the ANC in the relevant calendar year.

### Youth Teams Age Restriction - ANC

Youth shall not have attained the age of 26 by midnight the day before competition begins at the ANC Teams except as authorised by the Youth Committee of the ABF.

### Seeding

If a Stage 1 and Stage 2 field - Stage 1 will be a seeded Mitchell format. Members of the Tournament Committee will seed the field with members involving themselves only in event(s) in which they are not competing. Each member will seed the list in order and the director will produce a final ranking based on this.

### Systems

All systems will be permitted. Those using yellow systems must have an up-to-date copy of their system in the hands of the Tournament Committee chair ten days before the start of the event. Players proposing to play complex systems will be required to show to the Tournament Committee's satisfaction that they are well practised and competent with their system. If, during the course of the event, a pair demonstrates persistent incompetence with their system, the Director may require them to play a simpler system or convention.

### System Cards

Each player must have two systemically identical 4-page ABF system cards on the table before the start of play. System cards must be legible and clearly show the colour category of the system.

## SECTION F – QBA CHAMPIONSHIPS

### Late Arrival (See also [Page 17.](#))

If any player is not present at the start of play of any match, the pair will be fined **5% of a maximum win and rounded to two decimal places** per ten minutes or part thereof up to 30 minutes, irrespective of whether the match finishes on time, director to ensure time is witnessed and, in addition:

If any player is more than 30 minutes late, the match will be abandoned and the non-offending pair will score the average of all their other matches or the complement of the average of the forfeiting pair's score, whichever is the greatest. The forfeiting pair scores the lowest score possible, the director to ensure time is witnessed

If any player misses 2 consecutive matches, the pair will be withdrawn and all of their played matches will be treated according to the procedures listed below under 'Withdrawal'

### Slow Play

A time limit will be decided for each session and it will be approximately seven minutes per board; a pair guilty of slow play will be fined **5% of a maximum win and rounded to two decimal places** per ten minutes or part thereof that they finish late in that match and subsequent matches. If a match starts late due to the lateness of one or more players or for any other reason, the time will be taken from the start of play in that particular match.

### Loud Discussion during or after Play

When discussions or comments are made at any table and are heard at a nearby table, the director will apply a penalty to the offending pairs if he considers that the rights of other players may have been jeopardised. The penalty at cross-imping shall be **5% of a maximum win and rounded to two decimal places**. The director will have the right to increase this incrementally for repeat offences.

### Withdrawal (See also Section B [Page 10.](#))

Unauthorised withdrawal from selection trials and from a state team after selection is considered highly unacceptable and will result in disciplinary action. Withdrawal from a state team after selection may be authorised by the QBA Management Committee. Both members of the partnership will be deemed to have made the unauthorised withdrawal and will receive the same disciplinary action irrespective of whether one player may be seen to be more greatly affected by the other by said disciplinary action.

- Suspensions for a set time will be the same for both players even if one player could be seen to miss more events.
- "Same" includes the same number of events even if not the same events or over the same time.

If a pair withdraws or is withdrawn by the director, unless at least 66% of the matches have been played, the results of all matches played by the withdrawn pair shall be cancelled and the stage rescored. If more than 66% of the matches (rounded up) have been played before the withdrawal, all matches played thus far will stand, and pairs drawn to play the withdrawn pair in the remaining matches will score the average of all of their matches, or the complement of the average of the forfeiting pair's score up to the forfeit, whichever is the greater.

Should a pair that has qualified for the next stage withdraw or be withdrawn by the Director or the Management Committee prior to commencement of the next stage, **the next highest finishing pair from the same direction of the field will be invited to play**. Should further replacements be necessary, invitations to play will alternate between NS and EW, as necessary, to ensure neither direction receives more than one more invitation to play than the other.

Example: A pair who qualified from NS withdraws from Stage 2 before the commencement of play. The next highest finishing pair from NS declines the invitation to play in Stage 2. The invitation to play next goes to the highest finishing pair from EW so NS does not receive two invitations and EW none. Multiple withdrawals are handled similarly e.g., two withdrawals from NS means one NS pair and one EW pair are invited.

## SECTION F – QBA CHAMPIONSHIPS

### Substitutes

Substitutes may be permitted via application to the director who will refer the application to the Tournament Committee. For the substitution to be approved, a majority of the available members of the Tournament Committee must agree that the new pairing is of an acceptable standard to the original pairing.

The director may approve a substitute in an emergency situation so that a match may start or continue expeditiously, subject to the later agreement of the Tournament Committee as above. The director shall immediately contact the QBA Tournament Committee chair or his/her nominee who shall contact available members of the Tournament Committee.

Except as following a substitute may be permitted for no more than two matches of a stage and furthermore no pair may use a substitute(s) for more than 30% of the total number of boards during a trials event consisting of a Stage 1 and a Stage 2. When a substitute is approved within the first two matches of an event, and the original contestant is unable to resume, the substitute if able to fulfil the conditions of entry may become the contestant.

When a player requires a substitute during a stage due to illness and is later forced to withdraw due to this illness, the QBA Tournament Committee chair, in consultation with available members of the Tournament Committee may give approval for the substitute, if able to fulfil the conditions of entry, to continue as the contestant.

### Scoring

Cross-imps converted to victory points using the ANC VP scale principle.

### Ties

Ties will be broken where necessary by totalling each pair's VPs in their individual matches against the other tying pairs and those pairs finishing higher in the final ranking. If this fails to break the tie, then it will be broken on total netimps. Pairs that have received an adjustment in VPs either through a fine or a forfeit must have had an appropriate number ofimps added or subtracted.

For example: A and B finish first and second, with C, D and E in a three-way tie for third place. Total C's VPs in their matches against A, B, D and E. Likewise, D's total against A, B, C and E and so on, then compare these totals. If this tie is still not broken, then resort to total netimps over the whole stage.

### Protest Time

Players have 24 hours from when scores for the last match of the relevant stage are posted to protest against mistakes made in the computation or tabulation of an agreed upon score or in the computation of results for that stage.

### Appointment of Queensland Captains

The Manager shall organise the selection of the Open, Women's and Seniors' team captains for the ANC in consultation with each player. All six players must be in favour of the nominee or, at worst, not strenuously opposed to the majority vote. Selected captains will be subject to ratification by the council as soon as possible after selection. The Management Committee will have the power to nominate a playing captain or non-playing captain if players fail to reach agreement within two weeks of the end of the Trials.

On the basis that a familial relationship between a non-playing captain and a playing member may influence, or be seen to influence, the captain's decisions in management of the team, any person with a familial relationship with a playing member of the team is ineligible for nomination as NPC. A familial relationship means a relationship between a person and a player where the player is the spouse, de facto partner, parent or child, brother or sister of the person.

QBA Management Committee will nominate a QBA Representative for the ANC Event.

## SECTION F – QBA CHAMPIONSHIPS

### Ratification of Queensland Teams

The pairs placing first, second and third in the selection trials will be the Queensland team subject to ratification by the QBA Council or Management Committee subject to timing of meetings.

If a player withdraws from the team for any reason, the pair involved will relinquish its place in the team to the pair which was placed next in the selection trials.

### Team Captains - Duties and Powers

- Submit entry details and systems to Manager as requested. Report to Council as requested by the Manager.
- If necessary, a confidential report is to be submitted to Manager upon returning from the ANC. This needs to be submitted within two weeks of the event.
- Ensure players' familiarity with ABF system cards and with screen regulations. Follow up when other states' system cards are received.
- Arrange partnership and team practice, ensure special defences are available to players if necessary, and ensure that system, tournament and alerting regulations are understood by players.
- Protect the rights of the team during the ANC by lodging appeals where justified.
- Players should be aware that the captain has the sole right to decide lineups. He may consult with team members, but members should refrain from exerting pressure on the captain in his choice of line-ups.
- It is the duty of both the captain and players to understand that achieving the best result is the prime purpose of attending the ANC, and social factors should have no influence on the choice of line-up for a particular match.
- The captain must report on any unsatisfactory conduct by team members during the event. He is entitled to apply disciplinary measures during the event such as dropping a player or pair. Where possible, disciplinary measures should be taken only after consultation with any members of the QBA Management who may be present.

### Reserve Pair

Players finishing fourth in a trials event and who are therefore the presumed Reserve Pair, are permitted to trial in other selection events if eligible. Should one or both players finish in the first three positions of another trials event, both shall cease to be reserves for the first team. The pair finishing fifth in the first trials event shall assume reserve pair status. Should the 5<sup>th</sup> placed pair be unavailable, then the Management committee shall appoint a reserve pair.

### Obligation of Reserve Pair

The obligation of the reserve pair to be available for the ANC ceases 4 weeks prior to the start of the ANC Teams.

### Withdrawal of a Pair or Captain within 4 weeks prior to the ANC Teams

If a pair or captain withdraws within 4 weeks of the commencement of the ANC Teams, power will be given to the President, Vice President and QBA Tournament Committee chair to select a suitable pair/captain, and approve any necessary expenditure to facilitate the substitution.

## SENIOR TEAMS CHAMPIONSHIP

The event is to be held over two days.

- Format - Swiss or round robin depending on the size of the field.
- Eligibility - Entry is restricted to players of the age set for the Senior Teams at the ANC in the relevant calendar year.

## SECTION F – QBA CHAMPIONSHIPS

Fields to be run as Swiss or Howell movement with barometer pairs scoring over one day. When two or more grades play as one field, pairs are eligible for the title for the grade in which they entered. Pairs must be given the option of playing in a higher grade than their masterpoint rank. Should that higher grade play as one field with the lower field of their rank, the director is to ascertain before play starts whether such pairs now wish to play for the higher or lower title.

**Substitution** - a substitute must be of the same or lower grade as the player being replaced for a pair to remain eligible for the event.

### **OPEN TEAMS CHAMPIONSHIP**

When two or more grades play as one field, teams are eligible for the title for the grade in which they entered.

Teams must be given the option of playing in a higher grade than their masterpoint rank. Should that higher grade play as one field with the lower field of their rank, the director is to ascertain before play starts whether such teams now wish to play for the higher or lower title.

The event will be a Swiss or round robin depending on the size of the respective fields.

Each zone may choose how its subsidy is to be allocated for travel to one or more QBA Events.

A zone may conduct a special event with qualifying rounds and a zone final or have some other fair and equitable method of allocation.

Whatever the method, it must have the approval of the QBA Tournament Committee chair prior to its first use. Format must be published on zone website.

Zones are to advise the QBA Manager as to the recipients of subsidies within two weeks of their allocation. This will be at least one month prior to the QBA event concerned.

Zone approval must be obtained for substitution after allocation. The QBA Manager must also be advised.

## **SECTION G - ALERTING REGULATIONS**

The QBA adopts the ABF Alerting Regulations in full. (See next page.)

### **QBA CLARIFICATIONS OF ALERTING REGULATIONS**

- Opener's rebid in a (natural) 3 card minor is not alertable.
- A natural 2♣ opening that will have a four-card major if holding only 5 clubs is alertable.
- Canapé style bidding should be pre-alerted. During the auction, the natural opening should not be alerted, but rebids in which the second suit is longer than the first must be alerted.
- A balanced 1NT in the pass out seat is not alerted regardless of whether it shows, or does not show, a stopper in opener's suit.
- A 1NT opening which may contain a 5-card major is not alerted during the auction. Strength and style of 1NT openings are covered in 3.1.1.
- Opener's rebid of 1NT (having opened 1♣ or 1♦) is not alerted just because it may contain a 4-card major. Players are required to know that different styles exist within natural systems and should ask before choosing an action if more information is needed.
- Damage from a failure to alert must be directly linked to the table result before the director will consider awarding an adjusted score.
- A small plus sign "+" placed in one corner of the square of a call requiring a delayed alert is evidence that a delayed alert has been made.

#### General Comments

Delayed alerts do not alter the fact that questions remain unauthorised information to partner. Should the player to make the opening lead require information for the purpose of choosing his opening lead, he should ask for an explanation of the entire auction to avoid creating problems for partner.

Players should make delayed alerts in a manner that does not encourage opponents to ask suit specific questions nor encourage the player not on lead to ask questions before the opening lead has been chosen. Any approach to delayed alerts is acceptable if it adequately alerts the defenders to unusual aspects of the auction. An example: "Would you like an explanation of our auction before you choose your opening lead? It contains self-alerting calls." Alerts must still be made even though a player may have forgotten the meaning of the bid. The director may send the alerter away from the table so that partner can give the partnership agreement. This option does not apply for the purpose of confirming that a given explanation is correct.

#### Further Clarifications:

- Do not alert bids that accept transfers unless they convey additional information such as length in the transfer suit or hand strength. Alert super accepts and alert bids that deny a hand worth a super accept.
- A 1♦ response to a 1♣ Standard American opening must be alerted if it denies a 4-card major.
- Pairs who usually have a normal enough range for non-jump natural one- and two- overcalls yet one player is, or both players are, known to bid with fewer than 4 high card points from time to time, are to pre-alert this practice so opponents may plan a defence.

## **ABF Alerting Regulations**

### **1. Introduction**

It is an essential principle of the game of bridge that players may not have secret agreements with their partners, either in bidding or in card play. All agreements must be fully available and fully disclosed to the opponents. These regulations set principles and guidelines for the approved alerting procedures.

The ABF System Regulations require each player to have a legibly completed approved system card on the table, with the partnership cards being systemically identical. The purpose of an alert is to draw the opponents' attention to any call that has a special meaning, or a meaning the opponents may not expect. The fact that the system card explains the meaning of a call does not remove the obligation to alert it when required by these regulations. (However, see 2.4 below for self-alerting calls)

Players should adhere to the principle of full disclosure (as required by the Laws) in following these Regulations and in explanations of calls. The principle is to disclose, not as little as you must, but as much as you can, and as comprehensibly as you can. A careless failure to follow this policy may result in an adjusted score, and possibly procedural penalties, where opponents have been damaged. If a player makes a positive effort to meet their obligations under full disclosure, they will rarely if ever fall foul of these regulations.

The methods of a partnership include not only the specific agreements appearing on the system card but also partnership understandings which have arisen through partnership discussion or experience. The opponents are entitled to know about these understandings. General bridge inferences, like those a new partner could make when there has been no prior discussion, are not alertable, but any inferences that can be drawn from partnership experience must be disclosed.

### **2. Definitions and General Principles**

#### **2.1 Convention**

*A call that, by partnership agreement, conveys a meaning other than willingness to play in the denomination named (or in the last denomination named), or high-card strength or length (three cards or more) there. However, an agreement as to overall strength does not make a call a convention.*

**2.1.1** Note that 'other than' is construed to include 'additional to'. So, by definition, any bid that shows the denomination named and another denomination also, is conventional. All opening bids and overcalls that show two or more suits, even if one of the suits is named, are by definition conventional.

**2.1.2** It is construed that an opening bid of 1♣ or 1♦ which may contain fewer than three cards in the opened suit does not indicate 'willingness to play' and hence such bids are conventional.

**2.1.3** Certain calls may not convey any meaning e.g. the enforced 3♣ after a Lebensohl 2NT. Such calls are construed as conventional.

#### **2.2 Natural calls**

**2.2.1** A **natural suit bid** is one that is not conventional. It follows from the definition of *convention* that a bid is natural if it meets the following criteria:

- Conveys a willingness to play in the denomination named (but does not come under 2.1.1 or 2.1.3)
- Shows high card strength or length (3+ cards) in the suit named.

## SECTION G – ALERTING REGULATIONS

**2.2.2** A **natural NT bid** is a bid that shows a preparedness to play in NT, and conveys no specific information about the suit holdings.

**2.2.3** A **natural pass** is a pass that does not convey any conventional message about strength or suit holdings.

Natural calls as defined in these regulations are in general not alertable, but there are important exceptions. (See 3.3.2.)

### 2.3 Cue bids

For the purposes of these regulations, a **cue bid** of opponent's suit is defined as a bid of any denomination bid by the opponent or suits shown by the opponent's bid. Example: If an opponent opens 1♥ showing spades, then 1♠ and 2♥ are both cue bids. Similarly, a 2NT overcall of 1NT is also a cue bid.

### 2.4 Self-alerting calls

There are five different types of self-alerting calls, *viz.*

- Doubles
- Redoubles
- Cue bids of an opponent's denomination/suit
- All calls at the four-level or higher, except conventional opening bids
- Any 2♣ response to a 1NT opening bid in an uncontested auction.

These calls carry their own alert and should not be alerted. It may be risky to make assumptions as to the meaning of such a call. A player is entitled (at their turn to call) to ask for their own protection, but bear in mind that unnecessary questions may be more helpful to the opponents than to the enquirer's own side, and may convey unauthorised information thereby limiting partner's options.

### 2.5 Other definitions

**2.5.1** A **transfer bid** is an artificial bid, which promises length in a specified suit.

**2.5.2** A **puppet bid** is an artificial bid, which requires a particular response by partner, but does not promise a holding in the suit of the forced response.

**2.5.3** A **pass-or-correct bid** or a **correctable bid** is a bid, which, after partner has shown possession of an unspecified suit, conveys the meaning 'Pass if this is the unspecified suit, otherwise correct to the unspecified suit'.

## 3. Alert Stages

There are three stages of the alerting process. All are important.

- The pre-alert before bidding starts
- Alerts and announcements during the auction
- Delayed alerts by the declaring side before the opening lead.

## SECTION G – ALERTING REGULATIONS

### 3.1 Pre-alerts

**3.1.1** At the start of a round or match, pairs should acquaint each other with their basic system, length of their one-level openings and the strength and style of their opening 1NT. Subsequent questions about these, whilst legal, may be regarded as unauthorised information.

**3.1.2** This is the stage where the opponents' attention should be drawn to any unusual agreement which might surprise them, or to which they may need to arrange a defence. Examples: transfer pre-empts, transfer responses to 1 $\heartsuit$ , unusual two level openings, canapé style bidding, very unusual doubles, unusual methods over the opponents' 1NT or strong club openings, unusual cue bids of the opponents' suit, *etc.* Pay particular attention to unusual self-alerting calls. These should appear on the system card, but should also be verbally pre-alerted.

**3.1.3** Highly unusual carding (e.g. leading low from doubletons) should also be pre-alerted at this stage.

### 3.2 Announcements

It is the responsibility of the responder to make a prescribed statement (otherwise termed an 'Announcement') whenever their partner opens either 1 $\clubsuit$  or a natural 1NT. The form of the announcement required varies depending upon the nature of the opening bid:

(a) Announcements required after a 1 $\clubsuit$  opening:

- For Natural-type systems (e.g. Acol or Standard), the appropriate minimum length of the club suit (i.e. "1+", "2+", "3+", "4+") should be announced.
- For Strong Club systems (e.g. Precision or Mosquito); the word "Strong" together with the minimum HCP holding (i.e. "16+") should be announced.
- For system options other than those above (e.g. a Polish 1 $\clubsuit$ , which has multiple meanings), the word "Unusual" should be used.

(b) Announcements required after a natural 1NT opening:

- The appropriate HCP range (e.g. "12-14" or "15-17" etc.) should be announced.

All announcements should be made in a consistent manner using the prescribed terminology. Alternative designations are not permitted.

### 3.3 Alerts during the Auction

**3.3.1** If a call is conventional, it must be alerted (unless it requires an announcement or is self-alerting).

**3.3.2** Two classes of natural calls must be alerted (unless they are self-alerting), *viz.*

(a) The call is natural, but there is an agreement by which the call is forcing or non-forcing in a way that the opponents are unlikely to expect. Examples:

- Responder's first round jump shift on weak hands.
- A non-forcing suit response by an unpassed hand to an opening suit bid (whether or not after intervention).
- A pass which forces partner to take action (e.g. SWINE).

(b) The call is natural, but its meaning is affected by other agreements, which the opponents are unlikely to expect. Examples:

- A natural NT overcall (or response) in the direct position, which does not promise a stopper in the overcalled suit.
- A jump raise of opener's one-level bid in an uncontested auction, which may be weak or

## SECTION G – ALERTING REGULATIONS

pre-emptive.

- A single raise of partner's suit which may be strong or forcing e.g. 1♦ - 2♦ forcing.
- The rebid in a canapé sequence where the second suit may be longer than the first.
- A 1♥ opening, which denies holding 4+ spades.

### 3.4 Delayed alerts

**3.4.1** At the end of the auction, the declaring side should draw attention to any unusual features, particularly any unusual non-alerted calls. Upon inquiry, a player must disclose fully, not only the specific meanings of all calls, but also any inferences they have drawn from the auction based on partnership experience (as distinct from general bridge knowledge). These explanations may occasionally need to include negative inferences, such as hand types partner probably does not have for his bidding. Defenders must not, at this time, draw attention to their own calls, nor voluntarily offer explanations (they must of course fully disclose upon inquiry).

**3.4.2** Takeout/negative-type doubles and penalty doubles do not require a delayed alert. If interested, the opening leader should enquire before leading, or his partner may enquire after the opening lead has been made face down.

**3.4.3** If a possible mis-explanation emerges during the delayed alert stage the Director should be called before the opening lead is faced. Defenders however must wait until the play of the hand is completed before calling the Director to report any mis-explanation by their partner.

## 4. Some Common Conventions

### 4.1 Stayman 2♣ in response to partner's 1NT

This bid is self-alerting because it is almost universally used. The conventional responses to Stayman are alertable, as are natural responses which convey a message about strength or special distribution.

### 4.2 Transfers in response to partner's NT

The transfer bid is alertable. Acceptance of the transfer, whether or not after interference, is alertable if it conveys any meaning relating to hand strength or length in partner's shown suit.

### 4.3 Multi 2 bids (e.g., 2♦ showing an unspecified 6-card major with or without other options).

Any 2-level bid with a multiple meaning is alertable. The conventional responses, including correctable bids are also alertable.

## 5. Specific Examples

This section provides a number of examples by way of illustration and amplification. The list is not exhaustive. It is not necessary to commit them to memory as they follow the principles specified above. There is an overriding requirement that self-alerting calls should not be alerted.

### 5.1 Opening bids

The following should be alerted:

- (a) 1♦ if it may contain fewer than three cards in the suit named.
- (b) 1♥ or 1♠ if it may contain fewer than four cards in the suit named. Also if a 1♥ bid systemically

## SECTION G – ALERTING REGULATIONS

- denies four spades, this is alertable (conveys a surprising message about another suit).
- (c) A non-natural 1NT (e.g. Moscito; showing hearts and spades).
  - (d) Opening two bids which do not promise a holding of 4+ cards in the suit named, or which promise a holding in the suit named and another suit. Examples:
    - Alertable: 2♥ showing hearts and another suit (whether specified or not).
    - Alertable: 2♣ where, if there are only 5 clubs, also shows a four-card major.
    - Strong artificial 2♣, 2♦ openings are alertable.
- Note that a 2♥ bid, which promises only hearts, is not alertable, whether strong or weak.
- (e) Any opening bid, (other than 1♣) which is not natural e.g., transfer pre-empts.

### 5.2 Development of the uncontested auction

The following should be alerted:

- (a) Weak jump responses
- (b) Inverted minors (1♦- 2♦forcing, 1♦- 3♦weak)
- (c) Forcing 1NT response
- (d) New suit rebids by opener which may be made on a suit of fewer than three cards in a minor or four cards in a major
- (e) Jacoby style 2NT over a major
- (f) Bergen raises
- (g) Fit showing jumps
- (h) Fourth suit forcing
- (i) Splinter bids (below 4♣)
- (j) Transfer bids (below 4♣)
- (k) Forced bids in a 'pass-or-correct' sequence
- (l) Conventional responses including 'pass-or-correct' bids after a multi-two opening
- (m) Trial bids
- (n) A pass which conveys a special meaning as to strength or distribution

### 5.3 Competitive auctions

#### 5.3.1 Overcalls

The following should be alerted:

- (a) All overcalls which show two suits, even if one of them is the suit named
- (b) Unusual NT bids that show 2-suited hands
- (c) Natural NT overcalls of RHO's natural suit bid, which may not have a stopper in that suit
- (d) Transfer overcalls and multi-meaning overcalls

The following should not be alerted:

- (a) Single suited overcalls showing only the suit named, whether weak, strong or intermediate
- (b) 1NT in the pass-out seat which may not contain a stopper in the opener's suit

#### 5.3.2 Alertable calls over an opponent's takeout double:

- (a) Any bid in a new suit which is non-forcing (except by a passed hand)
- (b) Conventional fit-showing jumps

#### 5.3.3 Alertable calls over an opponent's suit overcall:

- (a) Any bid in a new suit which is non-forcing (except by a passed hand)

## SECTION G – ALERTING REGULATIONS

- (b) Any natural NT bid which does not promise a stopper in the opponent's suit
- (c) Lebensohl type responses after interference over your 1NT

### 5.3.4 Alertable calls after partner's takeout double:

- (a) Any bid that conventionally shows weakness (Lebensohl, Herbert, *etc.*)
- (b) Any minimal natural response that shows some strength

## 6. Bidding Styles

Players should be aware that there are some different approaches in bidding style in natural systems after a minor suit opening, especially a 1♣ opening. Some players bid 'up the line', some prefer to show a major ahead of a 4 or even a 5-card minor. Further, some players may skip a 4-card major in making a NT rebid. These approaches are commonly used, and these regulations do not require them to be alerted during the auction. Players are advised to be aware of these different approaches, and to protect themselves by asking where necessary.

## 7. Alerting Procedure

### 7.1

Alerts are compulsory - the opponents cannot be asked not to alert. The requirement to alert applies even though the convention or other agreement may be listed on the system card.

### 7.2

Self-alerting calls, and bids that require an announcement should not be alerted.

### 7.3

Players alert their partner's calls, not their own (except when screens are in use). Alerts should be made immediately after the alertable call has been completed.

### 7.4

Alerts are made by audibly saying, "Alert" and, if written bidding is in use, circling the call on the bidding pad. Circling a call provides prima-facie evidence that it has been alerted. (If bidding boxes are in use, an alert card should be placed across the relevant call.)

### 7.5

Delayed alerts should be indicated by a small plus sign (+) in one corner of the appropriate square of the bidding pad as evidence of the delayed alert. (If bidding boxes are in use, the declaring side should verbally indicate which unusual calls require a delayed alert.)

### 7.6

Explanations of alerted calls or delayed alerted calls are given only after a request has been made.

### 7.7

If a player knows that his partner's call is alertable but has forgotten its meaning, he should nevertheless alert. If asked, he should explain that he has forgotten the meaning, whereupon the

## SECTION G – ALERTING REGULATIONS

Director should then be called. The Director's normal action would be to send the player away from the table and have the partner explain the meaning of the call.

### 7.8

When a player makes any call in tempo, and an opponent then alerts (late alert), the Director may allow the player to retract the call and substitute a legal call without penalty, provided that his partner has not subsequently called, and it is probable that his action might be different after the alertable bid's meaning has been explained [**Law 21B1(a)**]. Any call retracted in accordance with the provisions of this Law is authorised information to the partner of the player retracting the call (**Law 16D**), but not to the opponents.

## 8. Enquiring about an Alerted Call

### 8.1

When opponents make an alerted or self-alerted call, a player is entitled to ask specifically about that call at his first turn to call after the alert. Otherwise, any questions should be directed at the whole auction, not a specific call; an appropriate method of asking would be "Please explain the auction".

### 8.2

Any questions about a call or calls must take into account the Laws covering unauthorised information: *After a player makes available to his partner extraneous information that may suggest a call or play, as for example by a question..., the partner may not choose from among logical alternatives one that could demonstrably have been suggested over another by the extraneous information* [**Law 16B1(a)**].

Hence whilst the Laws grant the right to ask questions, unnecessary inquiries, or questions directed at particular calls, may limit partner's options in the subsequent bidding or play. It is therefore advisable not to ask questions if the intention is to pass regardless of the answer.

### 8.3

Questions may be asked only for one's own benefit. It is improper to ask questions for the benefit of partner.

## 9. Explanations

### 9.1

If an enquiry is made, a full explanation of the call must be given. This includes any conventional or partnership agreement, whether the agreement is explicit or based on partnership experience. Explanations may well include distributions and point ranges specifically excluded by a call, as well as those shown directly. When giving explanations, it is not necessary to repeat information given earlier in the hand, unless such information is requested. When explaining an alerted or self-alerting call, players should indicate if this same call might have a slightly different meaning (e.g. different point range) due to a variation of vulnerabilities and/or position around the table.

## SECTION G – ALERTING REGULATIONS

### 9.2

If there is no partnership agreement as to the meaning of a call, the player must say so (by saying, “Undiscussed”, for example), and not attempt to offer a possible explanation. When, however, as a result of partnership experience and style, one is able to form a coherent view of the likely meaning of an undiscussed call, that information shall be given to the opponents. Where a call is undiscussed, the player should not offer statements such as “I take it to mean....” or “I’m treating it as....”. Such a response is improper as it provides unauthorised information to partner.

### 9.3

Merely to name a convention (e.g. Michaels, Lebensohl, etc.) is not an acceptable explanation. There are many variations of most conventions, and a more specific explanation is normally required. Similarly, the use of "Standard" or "Natural" to describe calls, signals or leads is rarely sufficient - nor are the terms "Weak", "Strong" or "Intermediate" - without appropriate qualification.

### 9.4

An explanation given in response to an enquiry about the meaning of any call should avoid reference to the meaning of any response yet to be made to that call (unless requested by an opponent).

### 9.5

A player need not divulge knowledge or conclusions derived from their own card holdings, or as a consequence of their experience of matters generally known to bridge players.

## 10. Irregularities in Procedure

### 10.1 Misinformation

Pairs who frequently forget their system or conventions have a damaging effect on the tournament. The Director is empowered by these Regulations to require such a pair to play a simpler system or convention. In extreme cases he may apply a procedural penalty under **Law 90A**.

### 10.2 Late Alert

In the case of a late alert (i.e., a member of the non-offending side has taken action before the alert is made), the Director should be called immediately before any further action is taken. (See **7.8**) He may be able to take steps to prevent damage at this time. If the non-offending side fails to call the Director at this time, they may jeopardise their rights to obtain redress for damage later.

### 10.3 Failure to Alert / Mistaken Explanation

When there has been a failure to alert, or a mistaken alert, or mis-explanation given, the following principles apply.

#### 10.3.1 If a member of the offending side becomes declarer/dummy:

Before the opening lead is faced, declarer and/or dummy are required by Law to call the Director and, in his presence, correct the failure to alert, the mistaken alert, and/or the mis-explanation.

#### 10.3.2 If the offending side become defenders:

No correction may be given until the end of play, at which time the Director must be called.

## SECTION G – ALERTING REGULATIONS

**10.3.3** When there is reason to believe that a failure to alert has caused damage, the Director will consider awarding an adjusted score, providing there is a direct link between the irregularity and the result achieved at the table.

# 11. Tournament Director's Responsibility

## 11.1

Tournament Directors will not allow players to manipulate these Regulations to their advantage. For example, opponents must be allowed enough time to alert; a speedy action out of tempo followed by a claim for a late alert will receive little sympathy. Likewise, experienced players claiming damage through a technical failure to alert will need to present a strong case.

## 11.2

Directors are required, when giving a ruling at the table, to consider whether the players have adhered to the principles of full disclosure.

# 12. Alerting when Screens are in Use

When screens are in use, the alerting procedures outlined above do not apply. Refer instead to the ABF Screen Regulations.

# 13. Summary and Guidelines for Players

This summary constitutes part of the regulations, but is intended only as a brief guide to players. Players should be familiar with the full regulations.

## 13.1

The Laws and these regulations require full disclosure of your agreements. You should make active efforts to ensure the opponents are aware of your agreements. You do so by pre-alerts (before the auction), alerts and announcements during the auction and delayed alerts at the end of the auction.

**13.1.1** The pre-alert is the stage where you warn opponents of any very unusual agreements. Pay special attention to self-alerting calls that may surprise the opponents, (e.g. unusual doubles, unusual cue bids of opponents' suit) and to any unusual agreements to which the opponents may need to devise a defence.

**13.1.2** Calls are alerted during the auction by audibly saying, "Alert" and by circling the alertable call on the bidding pad.

**13.1.3** An opening bid of 1♣ does not require an alert, irrespective of whether it is natural or conventional. Responder, after either a 1♣ or a natural 1NT opening bid, instead makes the prescribed announcement.

**13.1.4** At the end of the auction, the declaring side should draw attention to any unusual undisclosed features by placing a plus sign (+) in one corner of the relevant square(s) of the bidding pad.

## SECTION G – ALERTING REGULATIONS

### 13.2

Self-alerting calls include all doubles and redoubles, calls at the 4-level or higher (except conventional opening bids), cue bids of an opponent's suit and any uncontested 2♣ response to a 1NT opening bid. These should not be alerted during the auction, but may need to be alerted in the pre-alert or the delayed alert stage. Players should be aware that such calls by opponents may not mean what they assume, and ask if necessary.

### 13.3

All conventional calls (other than self-alerting calls or those that require an announcement) must be alerted. Note that an opening 1♦ bid that may contain fewer than three cards in the suit is conventional. Note also that any call showing two suits is conventional, even where one of the suits is named, e.g. 2♥ showing hearts and a minor.

### 13.4

A natural call must be alerted if it is forcing or non-forcing in a way the opponents might not expect (e.g., inverted minor raises, pre-emptive raises in uncontested auctions, negative free bids) or if its meaning is affected by other agreements (e.g. a 1♥ opening that denies 4+ spades).

### 13.5

The policy is to alert any call by partner (other than a self-alerting call) that the opponents could reasonably misunderstand.

### 13.6

In explanations, do not use the names of conventions; give specific explanations. For example, do not just say "Michaels", but explain the meaning of the bid by saying "At least 5-5 in hearts and a minor suit, any strength". Similarly, refrain from using the terms 'weak', 'strong', 'intermediate', 'natural' or 'standard' if there exist, from partnership experience, certain expectations of suit quality and/or point count. The opponents' views of these descriptive terms may differ from yours.

### 13.7

You may ask questions only at your turn to call or play. It is improper to ask questions for the benefit of partner.

## Irregularities

**13.8.1** Any mis-explanation, alert or failure to alert by partner is unauthorised information to you, and you must avoid taking any subsequent action suggested by that unauthorised information.

~~**13.8.2** If you realise that you have given a wrong explanation during the auction or failed to alert, call the Director immediately.~~

**13.8.3** If you believe your partner has given a wrong explanation or there has been a material failure to alert, call the Director before the opening lead if you are the declaring side. If you are defending, you may not call until the end of the hand, whereupon you are required to do so.

## SECTION G – ALERTING REGULATIONS

Intentionally Left Blank

## **SECTION H – DIRECTORS**

### **DIRECTORS FOR CONGRESS EVENTS**

The director must be accredited by the QBA as a congress director. The director and assistant directors must not play in the event.

For events up to 30 tables, one Director is considered adequate.

For events of more than 30 tables, two directors are required. The second director need not be congress qualified but should be at least an experienced QBA-accredited club director or hold comparable qualifications from another jurisdiction and be prepared and capable of handling simple calls and/or computer scoring. The QBA Tournament Committee chair upon application from the convenor, is given the power to approve that only one Director may be used when 31 or 32 tables are involved.

For more than 60 tables, three directors are required. The second director must be a QBA-accredited congress director and the third director should be at least an experienced QBA-accredited club director or hold comparable qualifications from another jurisdiction and be prepared and capable of handling simple calls and/or computer scoring.

Accredited directors from other states are not automatically entitled to Queensland accreditation and not automatically entitled to direct congresses in Queensland.

### **CONDUCT OF TOURNAMENT**

#### Pre-congress Announcements

Congress directors are required to include the following in their preliminary announcements. This requirement is not just bureaucratic red tape, but is aimed to ensure that all approved events are conducted in accordance with QBA requirements, and that players become aware of them:

- QBA Regulations apply.
- All psychic calls must be reported (by the psyche or the partner of the psyche) to the director, regardless of the outcome of the psyche. This is a QBA Regulation and failure to report a psyche is an infraction of regulation and subject to penalty.
- Name(s) of recorder(s) for the event
- Format of the event, requirements for qualifications in to the finals
- **Time for appeals and score corrections if not 30 minutes.**

#### Checking of Scores

Scores and recap sheets must be made available for the inspection of players at all times, consistent with the smooth running and integrity of the event. Results published before players have had the opportunity to check the scores must be announced as provisional. In particular, final presentation of prizes must not be made without the players having the opportunity to check scores. Final scores when posted should be annotated with the time of posting.

#### Time for Appeals and Score Corrections

The Score Correction Period Law 79C1 and the Time of Appeal period Law 92B may be set to less than 30 minutes (e.g., 15 minutes) if this is required by the Tournament Organiser, provided players have some time to check scores. See above, Pre-congress Announcements.

#### Presentation of Prizes

Should the presentation of prizes occur within the times set, the Director must announce that the prizes are subject to any score correction or appeal made within those times.

## SECTION H – DIRECTORS

The QBA will conduct teaching courses and annual examinations for director accreditation. Standards of knowledge required are listed below, together with other requirements.

#### CLUB DIRECTOR

- good understanding of the commonly used laws and ability to interpret the less common laws;
- knowledge of standard Mitchell movements, odd and even, twinned, appendix and rover;
- knowledge of Howells and three-quarter Howells; able to cope with adding late pairs / tables to a movement;

Application is made by a club's management committee to the QBA Chairman Accreditation. While essentially a needs-based qualification, the candidate need not be from the club intending to hold a congress, providing there is a willingness to be engaged to run a small country congress.

A Congress Director (Country) may be authorised to direct a small country congress when a QBA Congress Director is not available. Permission will be given on a case-by-case basis by application to the QBA Tournament Committee.

#### CONGRESS DIRECTOR

- must undertake to observe any QBA requirements in relation to ongoing registration as a congress director. The QBA may require some evidence of ongoing self-education;

## SECTION H – DIRECTORS

- membership of the Australian Bridge Directors' Association is recommended though not compulsory.

### **PROCEDURE AND REQUIREMENTS FOR ACCREDITATION AS A QBA STATE DIRECTOR**

A Director seeking accreditation as a QBA State Director should make application to the QBA Chairman Accreditation.

The QBA Chairman Accreditation may:

- request further information as to the applicant's suitability and/or require an interview
- advise the applicant that further experience is recommended before proceeding with the application and assist the applicant to gain that further experience
- form a panel of appropriate people to assess the application
- obtain reports from the Director in Charge of any ABF gold point event at which the applicant has worked or ask that the applicant be formally assessed at an ABF gold point event.

Any decision to grant QBA State Director accreditation requires endorsement by the QBA Management Committee to be valid.

Any decision made as part of the above process may be appealed to the QBA Management Committee.

Requirements:

- the applicant shall have been a registered and active congress director for a minimum of 2 years, and should have had extensive experience in directing congress events - a minimum of 25 red masterpoint congress events of at least two sessions, or equivalent large multi-section club events;
- the applicant should have had experience in directing at the Gold Coast Congress, Canberra Summer Festival or the northern Gold Point Congress (Mackay, Townsville, Cairns or Yeppoon) and have received a favourable report from the chief director of that event;
- a trainee state director wanting to gain experience at one of the above events must apply to the appropriate congress committee for employment at that event with a mutually agreed salary and accommodation contract to be determined between the two parties;
- application for additional subsidy may be made to the QBA Chairman Accreditation who will liaise with the QBA Management Committee.

In addition, the applicant should have demonstrated the following:

- an extensive knowledge of the 2017 Laws of Bridge and the regulations of the QBA;
- experience in conducting events with large numbers of tables;
- familiarity with a range of movements and the ability to cope with last minute changes;
- experience in organising and scoring Swiss teams and Butler pairs;
- a dedication to accuracy in scoring;
- sufficient knowledge of the ABF Masterpoint Scheme to know the requirements for reporting tournament results;
- familiarity with at least one method of computer scoring;
- to retain status as a state director, he/she must direct at least two congress or higher events per year. The Management Committee may relax this requirement for cause e.g., illness, absence from the state etc.

The QBA Chairman Accreditation may recommend state accreditation for suitably experienced directors from other states.

## SECTION I – APPEALS

# SECTION I – APPEALS AND REVIEWS

**Law 93** is applied differently depending on the option chosen under **Law 80B2(k)**. Appeals Committees are to be used for congresses. A Reviewer is to be used for QBA championship events and selection trials. Under **Law 92C**, players appeal through the Director who initiates the relevant process.

## APPEALS COMMITTEE

The Tournament Organiser of each congress, or by default the Director, will appoint an Appeals Committee, either before the start of the congress or as the need arises.

An Appeals Committee should comprise an uneven number with not more than one person from the same team or same pair if practicable. Failure to observe this procedure must not be because of perceived time constraints.

There is no requirement for appellants to lodge a monetary deposit however, the Appeals Committee will have the power to apply a procedural penalty for blatantly frivolous appeals. See Appeals Committee Procedures (h). During an appeal hearing, both parties should be represented (at least one player from each pair) while the committee is establishing the facts.

## APPEALS CONSULTANT - ROLE AND LIMITATIONS

The Tournament Organiser of each congress, or by default the Director, will appoint at least one Appeals Consultant, either before the start of the congress or as the need arises.

This person's role is to advise a prospective appellant regarding the wisdom of pursuing an appeal, the appropriate laws and the likely outcome of an appeal. An appellant's use of an Appeals Consultant will not in any way limit the powers of the Appeals Committee. In determining whether an appeal is substantially without merit and whether to apply a penalty, the Appeals Committee shall consider any advice given to the appellant by an Appeals Consultant.

## THE APPEALS PROCESS

See **Law 92D** for concurrence of appellants. The Appeals Committee may overrule the Director on a point of fact or judgement, but not on a point of law or regulation. If the committee strongly feels that the Director's decision in law was wrong, they may attempt to persuade him to change his mind. If he refuses, the committee may refer the facts to the QBA Tournament Committee chairman.

Players are expected to graciously accept the decision of the committee. Players who harangue or abuse committee members after a decision may be subject to a disciplinary penalty by the Director or committee, and/or referral to the QBA Conduct and Ethics Panel.

## FURTHER AVENUES OF APPEAL ABOUT A COMMITTEE'S CONDUCT OR DECISION

This happens after the event and does not change the results of an event.

Players involved in an appeal at any level of competition in Queensland other than competitions conducted under ABF regulations may request the decision be reviewed:

- a review may only be requested by the players, or the Director, involved in the original appeal;
- it should be clear that a review does not re-examine players or Directors and is based solely on the written reports which must therefore be accurate;
- a review cannot alter the result, change the title holder or amend prize money;

## SECTION I – APPEALS

- a review may comment on aspects of the conduct of the appeal, provide confirmation or otherwise of the laws and regulations applied and give an opinion of judgement decisions drawn from the evidence recorded in the reports of the original appeal;
- a player or Director proposing to request a review should first contact the Tournament Organiser who may attempt to ameliorate the problem. If he is not successful, the Tournament Organiser shall obtain copies of the information listed below and forward to the QBA Tournament Committee chairman within 14 days of the event:
  - All relevant hand records relating to the original ruling.
  - Written statements from the contestants or Director stating the reasons for referring the matter to the QBA. Statements must be signed by both members of the partnership for a pairs event or, in a teams event, the captain.
  - The written report from the Appeals Committee explaining the reasons for the committee decision.
  - The Director's report stating the reasons for his/her ruling at the table quoting relevant Laws.
- should the Tournament Organiser fail to act, the player or Director should gather all material he can obtain and submit to the QBA Tournament Committee chairman within a further 14 days.

Referrals will be initially considered by the QBA Tournament Committee chairman. Several options are available for further action:

- players seeking the review may be consulted and given advice;
- players or clubs may be advised of generally accepted arrangements for the conduct of appeals;
- if appropriate, the Tournament Committee chairman may select a panel of suitable personnel to formally review the matter.

### APPEALS COMMITTEE PROCEDURES

See also Section L Guidelines for Appeals Committees (link) The WBF Code of Practice for Appeals (2010) is the primary reference for matters not incorporated in these regulations or guidelines.

The Committee will meet as frequently as necessary to ensure the integrity of the tournament. However, in events with a Swiss draw, it may not be possible for the committee to meet immediately. In those cases, any decision by the committee will not invalidate a previous Swiss draw.

As private an area as possible should be provided for the committee's hearings.

- (a) The appeal should be submitted on the approved QBA Appeals form. When there are time constraints, the chairman of the Appeals Committee may rule that an appeal be heard without prior completion of the appeals form. The Director will present his report to the committee. Due weight should be given to the Director's assessment of facts as he was present at the time and aware of the table 'feel'. Both parties should be heard together where possible with the appellants presenting their case and the respondents presenting their response. The chair should not allow any interruption by the other side during this presentation. Opportunities for rebuttal must be provided. Committee members may ask questions of the parties to clarify the situation but should not enter into debate with them.
- (b) The committee must use the Director's interpretation of the Laws and regulations though may encourage him to reconsider that interpretation.
- (c) The Director need not remain during this part of the hearing but should remain available to the committee for any further clarification of fact or advice on law.
- (d) When the committee reaches its decision, it should be put in writing and reasons given. Care should be exercised in phrasing where matters of propriety may be involved. The chair will convey the decision to the Director prior to the parties being informed. The Director or chair can then inform the parties concerned. Care should be taken that the scorers are also informed. The written decision should be returned to the Director. If the decision was not a unanimous one, it should be so recorded on the record, and the Director and players concerned so advised.

## SECTION I – APPEALS

- (e) Subsequent discussion by committee members: The QBA has no wish to stifle discussion on appeals decisions. Indeed, it welcomes constructive discussion as a means of attaining consistency in appeals rulings. However, committee members must be aware that discussions in committee attract legal privilege, whereas subsequent public statements do not. In many appeals situations, matters of propriety may affect the decision. An Appeals Committee is a committee of equals. Whilst subsequent debate on a decision is one thing, criticism of a fellow Appeals Committee member is quite a different matter. Committee members who criticise fellow members will not be invited on to subsequent committees.
- (f) Directors, even if they disagree with a committee's decision, should refrain from any public criticism of the committee. Appeals Committees who have doubts about the correctness of a Director's actions in a particular case should discuss this with the Director.
- (g) Verbal attacks by players on committee members: Members must avoid becoming involved in 'slanging matches' with players over an appeals decision. The committee has the same procedural and disciplinary powers as the Director and has the power to apply a disciplinary penalty to players who verbally attack committee members. A warning would be appropriate for the first offence, followed by a penalty in the final scoring unit and even suspension as an extreme resort. Attacks after the event is over should be referred to the QBA Conduct and Ethics Panel.
- (h) Frivolous appeals: The Appeals Committee may apply penalties for appeals which are deemed to be substantially without merit, for example, 2VP for teams and 50% of a top in matchpoint pairs.
- (i) Fines for players not knowing their system: The committee does not have the power to fine players for not knowing their system in a 'one off' situation. Players who repeatedly display deficient knowledge of their system will be subject to penalty. It is the Director's responsibility in appeals involving this type of problem to advise the committee whether he has had any previous similar problems with the pair concerned. Pairs who play a complex system are particularly expected to know their system. Persistent misunderstandings may result in procedural penalties, and both the Director and Appeals Committee are entitled to direct them to play a simple system.
- (j) The chair may use a scribe where possible.

## REVIEWER

A Reviewer will be appointed by the Tournament Committee chairman, in consultation with the Tournament Organiser, for each QBA championship and selection trials event. The Reviewer need not be on site. The appointed Reviewer shall not act if:

- in the opinion of the QBA representative the appointed reviewer could reasonably be thought likely to obtain some benefit from the adjudication
- the appointed Reviewer has previously expressed an opinion as to the outcome of the review.

In either case a replacement Reviewer shall be appointed. The QBA representative will so act in the absence or involvement of the Tournament Committee chairman.

The Reviewer shall follow the procedures set out in the ABF Ruling and Review Regulations. [Australian Bridge Federation » Ruling and Review Procedures \(abf.com.au\)](http://www.abf.com.au) The Reviewer does not himself change a ruling but may require deficiencies in the process to be corrected by the Director and a new ruling issued. The new ruling, after the correct procedures have been followed, need not necessarily be different from the original.

The Reviewer has the power to impose a penalty in cases where a request for a review is deemed to be without merit. Such penalty will be quantified in either MPs, IMPs or VPs as appropriate. See Appeals Committee Procedures (g). Contestants are therefore encouraged to approach a Review Consultant prior to lodging an appeal.

## SECTION I – APPEALS

A written report of each review is to be provided to the Tournament Committee chairman. A scribe may be used.

### **REVIEW CONSULTANT**

One or more Review Consultants will be appointed by the Tournament Committee chairman, in consultation with the Tournament Organiser, for each QBA championship or selection trials event. The Tournament Organiser, or by default the Director, may appoint further Review Consultants as the need arises.

The Review Consultant's function is to advise a prospective appellant as to the wisdom of requesting the review of a ruling. It is not obligatory for a prospective appellant to consult a Review Consultant before lodging a request for a review. However, in determining whether a review is "substantially without merit" and in considering whether to apply a penalty, the Reviewer shall consider the advice given to the appellant by a Review Consultant.

### **FURTHER AVENUES OF APPEAL ABOUT A REVIEWER'S CONDUCT OR DECISION**

This happens after the event and does not change the results of an event.

The Tournament Committee chairman may select a panel of suitable personnel to formally consider any review conducted at a QBA championship or selection trials event. This may be at the request of a player or the Director involved. A process similar to that for Further Avenues of Appeal about a Committee's Conduct or Decision should be used.

# QBA PSYCHIC CALLS REGISTER

Notes for the director: This register is not intended to infer any impropriety in psychic calls, or to deter psyching. It is intended to establish a central repository of the incidence of psyches, so that the frequency of psyches by particular partnerships can be ascertained. Partnerships with a record of frequent psyching are in danger of developing an implicit agreement, and need to be warned about this.

There is an obligation on the psycher to report his/her psyche. Failure to do so will be penalised as a breach of regulation. The director is entitled to award an adjusted score of his own volition (he does not require a complaint from the opponents) if he considers that the psyche has been 'fielded'. It is particularly important that any psyches where the director has any doubt should be reported.

SECTION J – FORMS

Intentionally Left Blank

# SECTION K – QBA SYSTEM REGULATIONS

QBA adopts the ABF System Regulations as modified to reflect QBA committees and personnel.

## 1. INTRODUCTION

### 1.1 General

Systems are classified according to the characteristics of their opening and overcalling structures, and will be identified by colour coding. In determining the classification of a system, the green, blue, red and yellow criteria are to be applied in that sequence until the appropriate classification is determined. All entrants in QBA events must display at all times on their partnership's system cards a coloured dot indicating the classification of the system being played. In addition to these primary colour classifications, certain individual conventional calls and treatments are defined as, and require an additional, 'brown sticker'.

### 1.2 Definitions

Average Hand	A hand containing 10 HCP with no distributional values
Weak	High card strength below that of an average hand
Strong	High card strength a king or greater than that of an average hand (i.e. 13+ HCP)
Natural	A call or play that is not artificial or conventional [i.e. not a "special partnership understanding" as defined in <b>Law 40B1(a)</b> ]
Length	Three cards or more
Shortage	Two cards or fewer
Artificial	An artificial bid is one, which carries information concerning a denomination other than the one named or a bid concerned with values or controls without necessarily a preparedness to play in the named denomination
Distributional Values	A hand with distributional values contains one or more shortages
Balanced	For the purpose of classifying NT openings, balanced shall mean a hand with no more than one (1) shortage and that shortage shall be not fewer than two (2) cards in length
Semi-Balanced	A hand with no more than two (2) shortages where each shortage shall be not fewer than two (2) cards in length
Published	A System will be considered as published if it has been recorded in an accessible form and made available in that form to officials of the QBA and all registered players in a QBA event

## 2. CLASSIFICATION OF SYSTEMS

### 2.1 Green (Natural) Systems

- a) All one-level opening bids are natural (non-artificial) bids
- b) An opening bid of one of a suit guarantees length (3+ cards) in the denomination named (**Exception:** a 4-4-3-2 and (4-3)-4-2 shaped hands may be opened 1♣)
- c) 1NT should be balanced or semi-balanced

## SECTION K – QBA SYSTEM REGULATIONS

(**Note:** this does not preclude individual assessment of some hands, e.g. a hand with a singleton honour or a weak longer suit. The subsequent bidding methods however, should not be able to identify such hand types)

- d) All one-level opening bids must, by agreement, promise at least 8 HCP.

### 2.2 Blue (Strong Club/Strong Diamond) Systems

This category includes systems that satisfy all of the following criteria:

- a) One club/one diamond is artificial, forcing and always strong
- b) One of a major is natural and non-forcing
- c) 1NT is non-conventional
- d) The one-level opening in the other minor may be artificial with various possibilities not covered by the other opening bids
- e) All one-level opening bids, must by agreement, promise at least 8 HCP.

### 2.3 Red (Artificial) Systems

This category includes:

- a) All systems employing artificial one-level openings that do not fall under the definition of yellow (HUM) systems [see below], other than strong club/strong diamond (blue) systems.
- b) Any system in which the basic 1-level opening structure (other than the length of natural suit bids or the point range of openings) varies according to position and/or vulnerability.

### 2.4 Yellow (HUM) Systems

For the purpose of these regulations, a Highly Unusual Method (HUM) means any system that has, as a matter of partnership agreement, one or more of the following features:

- a) Pass in the opening position that shows at least the values generally accepted for an opening bid of one, even if there are alternative weak possibilities.
- b) An opening bid at the one level that may be made on high card strength a king or more below that of an average hand (i.e., ~ 0-7 HCP and insufficient compensating distributional values).
- c) An opening bid of one of a major with alternative possible meanings that the hand may be long or short in a specified suit (i.e., the use of 'wonder' style bids).
- d) An opening bid of one of a major with alternative possibilities that show length in one specified suit or length in another specified suit.

### 2.5 'Brown Sticker' Conventions and Treatments

Certain types of conventional calls or treatments are considered to place demands upon the opponents' defensive preparations. The conventions/ treatments in question are categorized as 'brown sticker' ('BS').

Any one of the following characteristics qualifies a convention/treatment as 'BS' if it is a matter of partnership agreement:

- a) Any opening bid of two clubs through three spades that: could be weak and does not promise at least four cards in a known suit.

#### Exceptions:

- (i) Where all the weak meanings guarantee at least four cards in one known suit and only the strong options do not.

## SECTION K – QBA SYSTEM REGULATIONS

- (ii) A two level opening bid in a minor may show a weak hand with 5+ cards in either major only, or as an option among any number of strong hand types.
- b) An overcall of a natural opening bid of one of a suit that does not promise at least four cards in a known suit.

### Exceptions:

- (i) A natural overcall in no trumps.
- (ii) Any cue bid that shows a strong hand.
- (iii) A cue bid in an opponent's known suit that asks partner to bid 3NT with a stopper in that suit.
- c) Any weak two-suited bid (whether it be an overcall, an opening bid or a response) at the two or three level that may by agreement be made with three cards or fewer in one of the suits.

### Notes:

- I. Restriction (b) also applies to overcalls after an opening bid of one of a minor which is ostensibly natural and non-forcing, even if it might be made on a doubleton or a singleton.
- II. None of the foregoing restrictions (a-c) pertain to conventional defences against strong, forcing artificial opening bids, or defences against 'brown sticker' or HUM conventions. Conventional defences to 1NT are also unrestricted.
- III. Additional to the classification of system, any partnership using one or more 'brown sticker' conventions must individually list them on their system cards and/or supplementary sheets.

### 2.6 Random Actions

It is forbidden to open or to overcall hands, which by agreement, may contain fewer than 8 high card points and for which no further definition is provided (i.e., bids that promise nothing more than 13 cards in a player's hand). Pairs employing HUM methods may however open hands at the one-level that conform to Section 2.4(b) criteria.

### 2.7 Encrypted Signals

Additional to the restrictions on bidding methods and conventions above, players may not use signalling methods by which the message or messages conveyed by the signals are hidden from the declarer because of some key available only to the defenders (i.e. encrypted signals are not allowed)

### 2.8 Players' Obligations

The onus lies with all players to classify their own systems appropriately according to these Regulations. If players are in any doubt about the appropriate classification of their system, they may submit their system card and any supplementary sheets to the Director of the event for formal classification. Any such submission should occur at least two weeks prior to the event or by the due date specified in the entry conditions.

### 2.9 "Protected Pairs"

A "Protected Pair" is a pair where both players are below the status of Life Master, or one player is below the status of State Master, and which chooses to play a green system without the use of any 'brown sticker' conventions throughout an event or stage of an event. To claim "Protected Pair" status, the pair must display on the front of their ABF systems card a green sticker (which designates they are playing a green system), together with an orange sticker (which designates their claim for protection against

## SECTION K – QBA SYSTEM REGULATIONS

yellow systems and 'brown sticker' conventions/treatments). Such pairs must confirm with the tournament director prior to the start of the event or session that their system is green and non-'BS', after which the director will supply the relevant stickers.

In events or sessions where the Regulations allow pairs to claim "Protected Pair" status, such a pair will be required to inform their opponents before the start of each round of their "Protected" status. The opposing pair must then not employ their yellow methods nor any 'brown sticker' convention or treatment during the round in question.

### **3. ADEQUATE DISCLOSURE, SYSTEM CARDS AND SUMMARIES**

#### 3.1 Adequate Disclosure

Players must disclose fully the meaning of their conventional agreements, particularly conventions and treatments that may require extensive or unusual defensive preparation by opposing pairs. In addition to the appropriate system card, pairs shall use supplementary sheets, where necessary, to achieve this objective.

To satisfy the principle of adequate disclosure, the onus is on each pair to prepare for the information of opponents an accurate and reasonably comprehensive system card. Supplementary sheets as specified below, if appropriate, shall be available on request.

#### 3.2 Prior Submission of System Cards and Supplementary Sheets

For each QBA event or congress, the entry conditions may specify the date and/or time by which the QBA Tournament Committee chair or director, as the case may be, must receive copies of any system cards and supplementary sheets, as well as the form and/or number of copies required. Failure to meet the specified deadline date may result in prohibition of some or all of the relevant methods for part of or the entire event.

In general, advance notice of systems will be required from entrants wishing to use a yellow system (when permitted).

The QBA Tournament Committee chair or director shall be responsible for ensuring that all players (if they choose) are given prior access to systems information submitted in advance, in order to satisfy the principle of adequate disclosure.

#### 3.3 System Cards

System cards shall be prepared legibly in a form approved by the QBA, properly identified with the names of the pair and a coloured sticker showing the category of the system as defined by these regulations. The tournament director shall be responsible for providing pairs with an appropriately coloured sticker to attach to their system card prior to the commencement of the first session of any event.

For all QBA events and congresses, each pair must have two systemically identical ABF system cards on the table before the start of play.

After withdrawing the cards from a board and until they are restored to the board at the conclusion of its play, a player's own system may not be consulted (except when specifically permitted under these regulations, as in the use of "defence" notes).

## SECTION K – QBA SYSTEM REGULATIONS

### 3.4 Supplementary Sheets

The use of supplementary sheets is appropriate whenever methods that may require defensive preparation (i.e., HUM or Brown Sticker) are employed. Any opening or overcalling structure that causes a system to be so classified should be itemised; together with a summary of the possible options available to the responder and/or advancer.

Supplementary sheets shall be typed or written legibly in black ink on one side of an A4 sheet. For the current structure of QBA events and congresses, the maximum number of supplementary sheets allowed shall be determined by the QBA Tournament Committee and published in the entry conditions and/or supplementary regulations.

### 3.5 Prior Submission of Detailed Yellow System Notes

Pairs intending to play yellow systems may be required to lodge in advance an electronic copy of their detailed system notes with the QBA Tournament Committee chair or director, together with copies of their ABF Standard System Card and supplementary sheets.

These notes will be available for prior consultation by opposing pairs and for possible use at the table by opponents if they so choose. Yellow system pairs are also required to prepare and submit a suggested defence to the HUM aspects of their system.

### 3.6 More Comprehensive Descriptions of Systems

In the interests of full disclosure and for a pair's own benefit in case of disputes, any pair may submit one copy of a more comprehensive description of their system to the tournament director before the first session of any event. In decisions taken by tournament directors and by the appeals committee, pairs who have submitted their full system will be given the benefit of any support this provides for an explanation given at the table.

### 3.7 Playing the Same System

Both members of a partnership must play the same system, including bidding and card play agreements. Where, as a matter of style, members frequently adopt different approaches from each other, that difference (or those differences) must be disclosed on the system card.

## **4. SYSTEM CLASSIFICATIONS FOR QBA EVENTS AND CONGRESSES**

4.1 In accordance with the above classifications, the QBA Tournament Committee shall determine the systems that may be played in any QBA Event in sufficient time for the relevant decisions to be published in the Entry Booklet or on Entry Forms for the event/s, and/or in Supplementary Regulations.

4.2 System restrictions may vary from one stage of a QBA event to another. They may also be different within a single stage as when determined by either round number or current field position (e.g., no yellow systems in the early rounds of a Swiss, nor in the bottom part of a ranked field).

4.3 At its discretion, the QBA Tournament Committee may also allow or prohibit certain 'brown sticker' conventions to be used in particular QBA Events, notwithstanding any of the above. These allowances do not affect the classifications of the systems themselves.

4.4 All such allowances will be construed strictly and shall be deemed not to extend to any further variations of the said convention, unless otherwise determined by the QBA Tournament Committee.

## SECTION K – QBA SYSTEM REGULATIONS

### 7. DEFENCES AGAINST ‘BROWN STICKER’ CONVENTIONS

7.1 Pairs may prepare written defences against those system elements that are categorised as ‘brown sticker’ (not exceeding one A4 sheet), but no written defence against the defence will be permitted.

7.2 Such defences must be approved in writing by the tournament director and are to be given to the opponents (2 copies) at the table prior to the start of play.

7.3 Both pairs at the table may use them during the auction period and - for the purpose only of responding to a question - during the play period.

### 8. DEFENCES AGAINST YELLOW SYSTEMS

8.1 Notes detailing a defence against a yellow system (not exceeding one A4 sheet), and any defence against the defence (also not exceeding one A4 sheet), may be used at the table during the auction period; and - for the purpose only of responding to a question - during the play period.

8.2 When opposing a team/pair that is playing a yellow system, opponents wishing to use notes on their defence at the table must submit two (2) copies of that defence to the opponents at an appropriate time and place prior to the scheduled start of play, to be specified in the Supplementary Regulations. Such defences are deemed to be part of the opponents' convention card. In preparing a defence against a yellow system, a pair using a green, blue or red system may change their system, including opening calls.

8.3 Yellow systems that are to be played only as a defence against other yellow systems may only be used if submitted in accordance with section 3.5 above.

8.4 Any defence against a defence (two copies, hand-written) must be submitted to opponents at the start of play. In preparing their counter-defence, the pair using a yellow system is not permitted to change any of the highly artificial aspects of its system.

### 9. VIOLATION OF SYSTEM AND PSYCHIC MANOEUVRES

(See also Section B Page 5)

9.1 A player may violate his side's announced understanding always provided that his partner has no more reason to anticipate the violation than have the opponents.

9.2 A partnership understanding exists when the frequency of occurrence is sufficient for the partner of the player who makes the call to take his awareness of psychic possibilities into account, whether he actually elects to do so or not.

9.3 Understandings whereby from time to time there may be gross violations of the normal meanings of calls, and where the nature or type of violation might be anticipated, must be disclosed. These understandings may be explicitly agreed or they may have developed from partnership experience or mutually shared knowledge not available to opponents.

9.4 Agreements that so-called psychic calls are to be expected, or the provision of systemic protection for them, are classified as HUM (yellow). A call, which is based on a partnership understanding, cannot properly be called ‘psychic’ and such methods are only permissible when the advance notice provisions of sections 3.2 and 3.5 have been fulfilled.

9.5 If the director judges there is undisclosed knowledge affecting the result of a board he shall adjust the score and may award a procedural penalty.

9.6 The psyching of a conventional bid, which is unequivocally forcing and systematically indicative of the strongest possible opening hand (e.g., a game forcing 2♣ or a Precision 1♣) is strictly forbidden.

## SECTION K – QBA SYSTEM REGULATIONS

### **10. CHANGE OF SYSTEMS**

No pair may play two different yellow systems during the course of an event without the express permission of the Chief Tournament director, unless specifically provided for in the Supplementary Regulations. Similarly, a maximum of only three yellow systems per team will be permitted during the course of any one event.

### **11. ONUS ON ENTRANTS**

Entrants in a QBA event or congress shall make themselves aware of the QBA System regulations and their application, as specified in the entry conditions and supplementary regulations pertaining to that event.

### **12. NON-COMPLIANCE WITH SYSTEM REGULATIONS**

12.1 When it is brought to the director's attention that a pair has transgressed the system regulations, whether in the system played or convention(s) used, the director should consider whether the opponents have been damaged; and, if so, award an adjusted score(s).

12.2 In addition the director should consider the assessment of a disciplinary penalty, taking into account:

- a) The standard of the offending pair.
- b) The standard of the field, especially those pairs that may have been affected

## SECTION L – GUIDELINES

### **GUIDELINES ARE NOT REGULATIONS AND ARE NOT BINDING**

#### **PRIZE MONEY GUIDELINES**

[These are not strictly prescriptive, but are offered as a guide only to Congress convenors]

Go to QBA website Clubs/Congress Convenors [Microsoft Word - prizeMoneyPolicy.docx \(qldbridge.com.au\)](#)

#### **PAYMENT OF PRIZE MONEY**

Payment of prize money by Direct Deposit should be done within three working days of the event or immediately account details are received should that be later.

#### **QBA TEAMS OF THREE**

##### **CAPTAIN'S DUTIES - GUIDELINES**

- Captains sit South;
- Have a general discussion with the team before play commences to discuss format, their expectations, and how to get the most out of the day;
- Arrange the order in which you will play the matches with each team member;
- If there are 6 matches, it may make more sense to play consecutive matches with the same partner to avoid chopping and changing with each match;
- When playing with a team member, play a system that is most familiar to them and do not introduce any new methods, unless specifically requested by the partner for that match;
- Try and keep hand discussion during the play in the match to a minimum to maintain the focus;
- If you have time at the end of the match before scoring up, discuss the boards just played with your partner, and your opponents if they are interested;
- After scoring up each match, if there is time before the next match, try and spend some time with the team discussing any boards of interest, from any of the team;
- Allow enough time before the start of the next match for a system discussion if you are changing partners for this match; and
- If offered, encourage at least some of your team to stay for the general discussion after the presentation of prizes, if available.

##### **TIMERS AT STATE (Qld) EVENTS**

Directors are encouraged, but not required, to use timers at these events.

##### **OPENING LEAD VALIDATION ON BRIDGEMATES**

Strongly recommended for congresses though not compulsory at this stage.

### GUIDELINES FOR APPEALS COMMITTEES

The committee has all the powers of the director, but may not overrule him on a point of law or regulation. The committee may disagree with the director on matters of fact or judgment. However, due regard must be given to the director's assessment of the 'facts' at the table, as he was present at the time.

The most difficult areas the committee will have to deal with are on matters of misinformation (including failure to alert) and unauthorised information. These will be discussed in some detail. In considering these situations, there are three questions to be answered:

- (a) Did the alleged infraction occur e.g., an unjustified action after a hesitation?
- (b) Did the opponents suffer damage?
- (c) Did the damage result from the infraction rather than merely follow it? Was the opponent's subsequent poor result caused by the infraction and not by their own actions wholly or partly?

There is increasing evidence that we need to add one further question to this list:

Were the 'non-offenders' taking advantage of the infraction and the Laws to have an each-way bet?

Some situations are simple. In a competitive auction, West hesitates significantly and East makes an unjustified bid of 4♠, thereby pushing NS to the 5♥ level, off 1. In most cases, adjustment to NS +620 would be appropriate. But what if 5♥ was cold, but South revoked? Now his damage, whilst subsequent to the infraction, was caused entirely by his own careless play, and was not a result of the infraction. What if South's 5♥ bid was a totally unjustified bridge action, and if he had passed (forcing in this situation) North would have doubled 4♠ for an even better score? The committee has to decide whether the NS damage here was caused by the infraction or by South's unreasonable action in bidding 5♥ unilaterally.

Another situation: Another competitive auction in which West has hesitated. North feels that he can now push the bidding one level higher because, after West's hesitation, East is 'barred'. If East does bid on and NS get a good result, no problem. If they get a poor result, the director will rescue them with an

## SECTION L – GUIDELINES

adjusted score. Committees need to be aware that players knowledgeable in the Laws will increasingly be having an each-way bet in these situations.

There is a basic principle that the requirement of opponents to alert does not absolve us from the responsibility to protect ourselves by asking about a bid which experience tells us could well be conventional, even though it wasn't alerted. Players cannot be allowed to have a `double shot' in this situation i.e., treat the bid as natural because it wasn't alerted; if that pays off, well and good; otherwise call the director for an adjusted score because of a failure to alert.

One other, fortunately rare, situation where a player may improperly use the Laws is to deliberately hesitate before passing, not because there was something to think about, but in order to bar partner from bidding!
